**KANSAS**

City Council Meeting  
09:00 a.m. January 19, 2016

10<sup>th</sup> Floor MAPD Conference Room  
455 North Main

**OPENING OF REGULAR MEETING**

- Call to Order
- Invocation
- Pledge of Allegiance
- Approve the minutes of regular meeting on January 12, 2016

---

**AWARDS AND PROCLAMATIONS**

Proclamation: Andrew Crane Day

Award: ICMA Certificate of Distinction in Performance Management

**I. PUBLIC AGENDA**

NOTICE: No action will be taken relative to items on this agenda other than referral for information. Requests to appear will be placed on a "first-come, first-served" basis. This portion of the meeting is limited to thirty minutes and shall be subject to a limitation of five minutes for each presentation with no extension of time permitted. No speaker shall be allowed to appear more frequently than once every fourth meeting. Members of the public desiring to present matters to the Council on the public agenda must submit a request in writing to the office of the city clerk prior to twelve noon on the Tuesday preceding the council meeting. Matter pertaining to personnel, litigation and violations of laws and ordinances are excluded from the agenda. Rules of decorum as provided in this code will be observed.

---

**II. CONSENT AGENDA**

NOTICE: Items listed under the "Consent Agendas" will be enacted by one motion with no separate discussion. If discussion on an item is desired, the item will be removed from the "Consent Agendas" and considered separately

*(The Council will be considering the City Council Consent Agenda as well as the Planning, Housing, and Airport Consent Agendas. Please see "ATTACHMENT 1 – CONSENT AGENDA ITEMS" for a listing of all Consent Agenda Items.)*

---

**COUNCIL BUSINESS**

**III. UNFINISHED COUNCIL BUSINESS**

1. HPC2015-00049 – Appeal of a Historic Preservation Board Denial of an Installation of Metal Panel Roofing Material on a Contributing Structure in the Park Place Fairview Historic District Which is Listed in the Wichita Register of Historic Places, the Register of Historic Kansas Places and the National Register of Historic Places. (District VI (Deferred January 12, 2016))

RECOMMENDED ACTION: 1) Concur with the findings of the HPB to deny the installation of the metal panel roof material, based on consideration of all relevant factors and determine there is a “feasible and prudent alternative to the proposal to minimize harm to such historic property resulting from such use” and adopt the findings of the HPB and instruct the owner to remove the metal panel material and require the applicant to return to the HPB for approval of an appropriate roofing material (requires simple majority vote); 2) Overturn the decision of the HPB and approve the metal panel roofing material based on consideration of all relevant factors and determine there is “no feasible and prudent alternative to the proposal to minimize harm to such historic property resulting from such use” (requires simple majority vote to override the HPB’s recommendation.)

2. Uniforms and Uniform Equipment Accessories Management Program (Web-Based Uniform Purchase Program).(Deferred January 12, 2016)

RECOMMENDED ACTION: Approve the contract and authorize the necessary signatures

**IV. NEW COUNCIL BUSINESS**

1. Ordinance Creating Section 2.04.235 pertaining to Council Procedures for Quasi-Judicial Hearings.

RECOMMENDED ACTION: Approve the Ordinance and place it on First Reading.

2. Proposed 2016 Outsourced Pavement Preservation Program.

RECOMMENDED ACTION: Approve the 2016 Outsourced Pavement Preservation Program, adopt the resolution, authorize the necessary signatures, and authorize budget adjustments as necessary.

3. Water Conservation - 2016 Rebate Program.

RECOMMENDED ACTION: Approve the 2016 Rebate Program and authorize budget adjustments as necessary.

4. Business Services Agreement Small Business Outreach and Support.

RECOMMENDED ACTION: Approve the 2016 Business Service Agreement with WIBA and authorize the necessary signatures.

5. Water Treatment Plant Modifications. (MOVED FROM CONSENT II-7)

RECOMMENDED ACTION: Approve the project as a design-build, approve the budget, adopt the resolution and authorize the necessary signatures.

---

**COUNCIL BUSINESS SUBMITTED BY CITY AUTHORITIES**

**PLANNING AGENDA**

NOTICE: Public hearing on planning items is conducted by the MAPC under provisions of State law. Adopted policy is that additional hearing on zoning applications will not be conducted by the City Council unless a statement alleging (1) unfair hearing before the MAPC, or (2) alleging new facts or evidence has been filed with the City Clerk by 5p.m. on the Wednesday preceding this meeting. The Council will determine from the written statement whether to return the matter to the MAPC for rehearing.

**V. NON-CONSENT PLANNING AGENDA**

None

**HOUSING AGENDA**

NOTICE: The City Council is meeting as the governing body of the Housing Authority for consideration and action on the items on this Agenda, pursuant to State law, HUD, and City ordinance. The meeting of the Authority is deemed called to order at the start of this Agenda and adjourned at the conclusion. Carole Trapp Housing Member is also seated with the City Council.

Carole Trapp Housing Member is also seated with the City Council.

**VI. NON-CONSENT HOUSING AGENDA**

None

**AIRPORT AGENDA**

NOTICE: The City Council is meeting as the governing body of the Airport Authority for consideration and action on items on this Agenda, pursuant to State law and City ordinance. The meeting of the Authority is deemed called to order at the start of this Agenda and adjourned at the conclusion.

**VII. NON-CONSENT AIRPORT AGENDA**

None

**Agenda Item No. III-1**

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** HPC2015-00049 – Appeal of a Historic Preservation Board Denial of an Installation of Metal Panel Roofing Material on a Contributing Structure in the Park Place Fairview Historic District Which is Listed in the Wichita Register of Historic Places, the Register of Historic Kansas Places and the National Register of Historic Places (District VI)

**INITIATED BY:** Metropolitan Area Planning Department

**AGENDA:** Unfinished Business

---

**Historic Preservation Board Recommendation:** Deny the request to use metal panel roofing material on the McKibbins House located at 1500 North Park Place.

**MAPD Staff Recommendation:** Uphold the decision of the Historic Preservation Board (HPB) to deny the application.

**Background:** A building permit for a roof replacement was issued for a metal panel roof on a property located in the Park Place Fairview Historic District at 1500 North Park Place which is located in the locally designated Wichita Register of Historic Places (WRHP) and requires review by Historic Preservation Staff and/or the Historic Preservation Board (Section 10.12.1023(a)). The property is also listed in the Register of Historic Kansas Places (RHKP) and the National Register of Historic Places (NRHP) which also requires review of any project located within a listed state or national register district. K.S.A. 75-2715-2725 regulates historic preservation processes and procedures in the State of Kansas and is administered through the State Historic Preservation Office (SHPO). The City of Wichita has a programmatic agreement with the SHPO for the Historic Preservation Board (HPB) to review all projects that are individually state/national register listed properties or those properties located within state/national register listed historic districts in accordance with K.S.A. 75-2715-2725. Projects are evaluated based on the National Park Service Secretary of Interior's Standards.

The McKibbins House is a contributing structure in the Park Place Fairview Historic District which is listed in the WRHP, the RHKP and the NRHP. Historic Preservation Staff was not notified of the application until complaint calls were received by the public.

On November 23, 2015, this case was afforded a public hearing at a special meeting of the HPB. Telephone calls complaining about the metal panel roof were received in the Metropolitan Area Building and Construction Department (MABCD) and in the Metropolitan Area Planning Department (MAPD) Historic Preservation Office. A stop work order was issued when the permitting error was discovered.

The owner of the property was aware that the property is a contributing structure in a triple-listed historic district (WRHP, RHKP, and NRHP) which requires that the project would have to be reviewed and approved by the HPB or Historic Preservation Staff before a building permit could be issued. There was no review by staff or the Historic Preservation Board before the permit was issued and the work began.

The owner of the property is appealing the denial of the application. The applicant was granted permission to continue the installation of the metal panel roofing material to protect the building from the weather. The installation of the roof was to proceed with the understanding that a decision regarding the material was not final until the City Council rendered its decision.

**Analysis:** By a 4-0-1 vote, the HPB found the installation of the metal panel roof does encroach upon, damage and destroy the Park Place Fairview Historic District by installing a non-traditional roofing material and altering the horizontal pattern of the roof shingles which is a character-defining feature of the house. Secretary of the Interior's Standards #2 and #3 specifically deal with the character of the building itself. There is no evidence in historic Sanborn Fire Insurance Maps, historic aerial photographs of the property, or historic building permit records that 1500 North Park Place ever had a metal panel or standing seam metal roof. There is no evidence of the property's roof structure that this house ever had anything other than cedar shingles or composite singles. The issue is not with the metal material, it is with the metal sheet which gives a vertical appearance given to a roof that had a horizontal appearance. The design guidelines adopted by City Council for this historic district do not mention metal panel roofing material as appropriate material for this district (Section 2.12.1021.1 of the Wichita Code of Ordinances). The applicant did not provide an option to use metal shingles that would have the same appearance as the existing shingle roof.

Since the property is a contributing structure in the WRHP, the RHKP and the NRHP, the metal panel roof cannot proceed without the City Council finding that there are not any "feasible and prudent alternatives" to the metal panel roofing material.

Should the City Council overturn the decision of the HPB and allow the metal roof materials to remain, the property would likely be recommended to be re-designated as a non-contributing structure in the WRHP. The action of the HPB would be sent to State Historic Preservation the RHKP and the NHRP for final action at the next regularly scheduled Historic Preservation Board meeting. Re-designating this structure to non-contributing would preclude them from accessing the local historic revolving loan fund, the 25% Kansas Historic Income Tax Credit and the 20% Federal Historic Income Tax Credit.

**Financial Consideration:** None.

**Legal Consideration:** The City Council has review authority over the decision of the Historic Preservation Board, as provided for in K.S.A. 75- 2724 and the City Code Section 2.12.1024.5. In order for the City Council to overturn the decision of the HPB, all relevant factors must be considered and the City Council must find there is no "feasible and prudent alternative to the proposal and that the program includes all possible planning to minimize harm to such historic property resulting from such use."

**Recommendation/Actions:** It is recommended that the City Council: 1) Concur with the findings of the HPB to deny the installation of the metal panel roof material, based on consideration of all relevant factors and determine there is a "feasible and prudent alternative to the proposal to minimize harm to such historic property resulting from such use" and adopt the findings of the HPB and instruct the owner to remove the metal panel material and require the applicant to return to the HPB for approval of an appropriate roofing material (requires simple majority vote); 2) Overturn the decision of the HPB and approve the metal panel roofing material based on consideration of all relevant factors and determine there is "no feasible and prudent alternative to the proposal to minimize harm to such historic property resulting from such use" (requires simple majority vote to override the HPB's recommendation.)

## **The Secretary of the Interior's Standards for Rehabilitation**

The Standards (Department of Interior regulations, 36 CFR 67) pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior, related landscape features and the building's site and environment as well as attached, adjacent, or related new construction. The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

- 1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.**
- 2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.**
- 3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.**
- 4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.**
- 5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.**
- 6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.**
- 7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.**
- 8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.**
- 9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.**
- 10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.**

**WICHITA HISTORIC PRESERVATION BOARD MINUTES  
EMERGENCY MEETING  
23 NOVEMBER 2015**

---

Claire Willenberg call the emergency meeting to order at 2:00 p.m.

Members Present: Claire Willenberg  
Mike Seiwert  
Barbara Hammond  
Rachelle Pulkila  
Elena Ingle  
Members Absent: Randy Doerksen  
Janice Rich  
Staff Present: Kathy Morgan, Senior Historic Preservation Planner  
Jennifer Magana, City Attorney  
Tom Stoltz, Director MABCD  
Dale Miller, Director MAPD  
Richard Meier, Chief Building Inspector  
Jim Schiffelbein, Planning Analyst

**ITEM NO. 2 PROJECT REVIEW**

**A. MAJOR:** HPC2015-00049 McKibbins House, Park Place Fairview Historic District (WRHP, RHKP, NRHP)  
**APPLICANT:** Cynthia Maxwell and Samuel Boaz  
**FOR:** 1500 N. Park Place

Applicant proposes to re-roof structure using metal sheet material.

A roofing permit was issued without review of the Historic Preservation Office. A stop work order was issued and an emergency Historic Preservation Board Meeting was called by Claire Willenberg, President.

Staff provided research information regarding the use of standing seam metal roofing in the Wichita Residential Historic Districts. Other requests to use this type of roofing material has been denied for projects located within the listed historic districts and individually listed residential property. Staff recommends the use of metal sheet/standing seam metal roofing material be denied and the existing material be removed and replaced with an appropriate roofing material.

**Motion #1: Hammond moved to adopt the findings of the Historic Preservation Staff and deny the proposed project, as reviewed in accordance with K.S.A. 75-2715 - 2725, and require removal of the installed roofing material; seconded by Ingle. Motion carried (4-0-1, Willenberg abstaining).**

**Motion #2: Seiwert moved to adopt the findings of the Historic Preservation Staff and deny the proposed project, as reviewed in accordance with Section 2.12.1015-1025 of the Wichita Code of Ordinances, and require removal of the installed roofing material; seconded by Pulkila. Motion carried (4-0-1, Willenberg abstaining).**

**ITEM NO. 3 ADJOURNMENT**

**Motion #3:** Seiwert moved to adjourn; seconded by Hammond. Motion carried unanimously (5-0).

Meeting adjourned at 2:48 p.m.

**Wichita-Sedgwick County Metropolitan Area Planning Department**

**HISTORIC PRESERVATION CASE NUMBER:** HPC2015-00049 McKibbins House  
Park Place Fairview Historic District, Contributing Structure, Wichita Register of Historic Places,  
Register of Historic Kansas Places, and National Register of Historic Places

**APPLICANT/AGENT:** Cynthia Maxwell and Samuel Boaz  
Address: 1500 N. Park Place  
City/Zip: Wichita, Kansas 67203

**REQUEST:** installation of metal panel roof

**LOCATION:** 1500 N. Park Place

**BOARD ACTION:** At the emergency called meeting of the Historic Preservation Board held November 23, 2015 at 2:00 p.m. in the Large Conference Room, 10th Floor, City Hall, the following action was taken by a 4-0-1 (Willenberg abstained) vote:

Item 2-A: The Historic Preservation Board found the proposed project as reviewed in accordance with K.S.A. 75-2715-2725 does encroach upon, damage, or destroy the integrity of the Park Place Fairview Historic District (4-0-1); and

The Historic Preservation Board found the proposed project as reviewed in accordance with Section 2.12.1015-1025 of the Wichita Code of Ordinances does encroach upon, damage, or destroy the integrity of the Park Place Fairview Historic District (4-0-1).

**Sec. 2.12.1023. - Certificate of Appropriateness Review for Wichita Register Historic Properties and Wichita Register Historic Districts.**

(g) *[Appeal.]* Any applicant or other interested party wishing to appeal a denial or approval with conditions of any Certificate of Appropriateness may appeal to the next higher authority. The order of the appeal procedure shall be: (1) the preservation staff, or the design review committee, (2) the Historic Preservation Board, and (3) the City Council. Such appeal must be filed no later than seven business days from the date of the decision.

Your written appeal must be received in the Wichita-Sedgwick County Area Planning Department by 4:00 p.m. December 2, 2015.

If you have any questions, you may contact a Historic Preservation Planner at the Wichita-Sedgwick County Area Planning Department, City Hall, 455 N. Main, 10<sup>th</sup> Floor, telephone 316-268-4421.

Kathy L. Morgan, Senior Planner  
Wichita Historic Preservation Office

Date: November 25, 2015

November 30, 2015

Kathy L. Morgan,  
Senior Planner  
Wichita Historic Preservation Office  
Wichita-Sedgwick County Area Planning Department  
City Hall  
455 N. Main, 10<sup>th</sup> Floor  
Wichita, KS, 67202-1688

We are writing to the City Council to appeal the November 23, 2015, decision of the Historic Preservation Board, Case Number HPC2015-00049, to deny the roofing permit approved by Metropolitan Area Building and Construction Department on November 2, 2015.

When our eight year old, hail damaged, asphalt shingle roof failed, my husband and I decided not to replace it with a petroleum based product that does not have a long life in the weather conditions common in Kansas. Instead, we contracted a local company, SAFECON General Contractors, LLC, to replace the roof with Premium Pro Rib 28 Gauge Panel, Class 4 Hail Resistant, Class A Fire Resistant, galvanized metal roofing from Midwest Manufacturing, a roofing material similar in appearance but far superior to those found in the Sears and Montgomery Ward Catalogs that contained the kind of kit home that we currently own at 1500 North Park Place. The materials that were listed with the kits were wood shingles or shake (obviously not an option for safety reasons) or tin. However, kit house buyers regularly altered floorplans and substituted alternative housing and roofing materials based on aesthetics or income (for example, the bungalow across from ours, 1505 North Park Place, upgraded to clay tile roofing materials). Since the roofing material we chose is similar in substance and appearance to those readily available in 1920, it never crossed our minds that there would be an issue, an assumption that was confirmed by the issuance of a permit by the city. Evidence that we in no way meant to undermine the appearance of the roof is supported by the color chosen—an ivory rather than bright white was chosen to complement the brick and lessen the visual impact of the roof.

On Thursday, November 19, the City of Wichita stopped the work on our brick house at 1500 North Park Place, based on a complaint by a neighbor to Kathy L. Morgan, Senior Planner, Wichita Historic Preservation Office. When I called Ms. Morgan and explained that metal roofs were options in the 1920's when my house was constructed, I was told there were never metal roofs on residences in historic Wichita.

While I am neither an architect, nor an expert in roofing materials and practices, I doubted the veracity of this claim and began research. This is some of what I found from historic newspapers:

“Insurance Rates Lower,” *The Wichita Beacon*, Monday January 11, 1911, Page 2:

This article addresses the 1909 Kansas insurance law that reduced rates for brick dwelling with metal roofs. It states, “The figures on dwelling houses cover two classes of property—brick dwellings with metal roof, and frame dwellings with shingle roof. There are few brick dwellings in Kansas with metal roofs but the rate such dwellings bear is interesting. The principal business of the fire insurance companies is written upon frame buildings with shingle roof.”

While brick houses with metal roofs may have been rare, they certainly existed, for legislators would not have written laws for non-existent structures. People who worried about fire chose metal roofs at the turn of the 20<sup>th</sup> century, just as homeowners at the turn of the 21<sup>st</sup> century have begun considering metal roofs

again because of their ability to withstand high winds and hail, as well as the facts that such roofs reduce energy consumption and lower insurance rates considerably.

Specific brick homes with metal roofs in historic Wichita:

“New Residences,” *The Wichita Eagle*, July 18, 1884, Page 4:

“Mr. C. Kimmerle’s fine suburban residence on Lawrence avenue is now nearly completed. It is a two story brick with ten rooms and a basement. Has a metal roof; is provided with water and gas, and is plastered with ornamental plastering.”

“People You Know,” *The Wichita Beacon*, April 14, 1912, Page 6:

This article states, “L.Hays, president of the L. Hays Saddlery and Leather company of this city, built a brick residence near the southeast corner of William and Water street in 1885,... The brick building, with its quaint wooden cornices, tin roof and bay window on the south was designed by the late R. West, who many years ago was a well known Wichita architect. The plans, design and style of the Hays building were followed in the construction of the home of C.W. Carey, 238 South Lawrence avenue, in 1886; the brick residence which O.C. Daisy built at 123 South Topeka avenue in 1887, and the M.W. Levy building, northeast corner of Topeka avenue and First street, erected in 1888.”

“Usual and Unusual,” *The Wichita Daily Eagle*, August 22, 1920, Page 5:

This article addresses the repair of H.R. Schuerhoff’s tin roof at 502 Laura Avenue. The tin roof was not what was pointed out as unusual, rather the fact that Schuerhoff jerryrigged a “100-watt incandescent lamp on the end of a stick” to patch the roof in the midst of a hailstorm.

In addition, the newspapers are littered with advertisements aimed at homeowners from master tinnerns and painters advising them to keep their tin roofs painted and kept up to extend the lives of their roofs. Fortunately, the material we have chosen uses current technology of a zinc and baked paint covering which minimizes upkeep and extends the life of the roof.

Initially, the during the emergency meeting of the Historic Preservation Board, November 23, 2015, Ms. Morgan advised the Board that while metal roofs similar in appearance to ours may have been used in rural Kansas, they were not used in urban areas. The Board then discussed the possibility of using other metal roofing materials, or even of allowing the roof currently on 1500 North Park Place, but the idea was rejected due to the precedent that would be set.

However, there are very clear precedents of metal roofing materials currently on houses in the Park Place/Fairview Historic District:

1616 North Park Place: Metal tile roof

1453 North Park Place: Sheet metal roofing material used on parts of both lower level roof and house

1558 Fairview: Unpainted metal roof on porch

1718 Fairview: Unpainted metal roof on porch

Apparently, the only precedent that we have set is to request and be issued a permit to install a metal roof.

On Tuesday, November 24, 2015, Metropolitan ABCD, called our roofer and told him to finish our roof before the storm hit. Unfortunately the storm did hit before the roof was finished, but we hope that enough was completed that no interior damage was sustained to the lathe and plaster interior.

This is where we now stand. I have been informed by Ms. Morgan that the next step is to appeal to the City Council (Sec. 2.12.1023. - Certificate of Appropriateness Review for Wichita Register Historic Properties and Wichita Register Historic Districts).

Here is our argument in appealing the Historic Preservation Board's revocation of the Metropolitan Area Building and Construction Department issued permit dated November 2, 2015:

Since we own a house in a historic district, we strive to maintain historical authenticity but not to the detriment of the environment.

Because tin and corrugated metal roofs are listed as roofing options in both the Sears and Montgomery Ward catalogs of the time period which provided kit homes similar to the one at 1500 N. Park Place, we believe that we are maintaining historical authenticity, while observing environmental best practice by replacing an eight year old, hail damaged, asphalt shingle roof with a more sustainable, yet historically, viable alternative.

Asphalt shingles are made with petroleum products and have a shorter life expectancy in areas sustaining high winds and hail damage on a regular basis. Whereas, the class 4 high impact metal roof, which we have installed and which meets LEED recommendations of the preservation of the historic roof line, will reduce our energy consumption and has a much longer life expectancy and thus will preserve the existing structure, which is the primary function of a roof.

Finally, I am an adjunct in the English Department at WSU and my husband, who was laid off during the recession, is a full-time student who will graduate in May. Money is tight, and we were thrilled to find a local company that specialized in sustainable construction who was able to provide our historically viable roof at a lower cost than local, reputable roofers quoted us for an asphalt roof, which neither of us found environmentally acceptable.

We would ask the City Council to consider the historical relevance and economic viability of metal roofs as well as the environmental toll that asphalt shingles exact when coming to a decision regarding the roof that has been put on 1500 North Park Place with the City's knowledge and permission.

Respectfully,

Cynthia Maxwell and Samuel Boaz  
Homeowners

## **The Secretary of the Interior's Standards for Rehabilitation**

The Standards (Department of Interior regulations, 36 CFR 67) pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior, related landscape features and the building's site and environment as well as attached, adjacent, or related new construction. The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

- 1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.**
- 2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.**
- 3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.**
- 4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.**
- 5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.**
- 6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.**
- 7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.**
- 8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.**
- 9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.**
- 10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.**

November 30, 2015

Kathy L. Morgan,  
Senior Planner  
Wichita Historic Preservation Office  
Wichita-Sedgwick County Area Planning Department  
City Hall  
455 N. Main, 10<sup>th</sup> Floor  
Wichita, KS, 67202-1688

We are writing to the City Council to appeal the November 23, 2015, decision of the Historic Preservation Board, Case Number HPC2015-00049, to deny the roofing permit approved by Metropolitan Area Building and Construction Department on November 2, 2015.

When our eight year old, hail damaged, asphalt shingle roof failed, my husband and I decided not to replace it with a petroleum based product that does not have a long life in the weather conditions common in Kansas. Instead, we contracted a local company, SAFECON General Contractors, LLC, to replace the roof with Premium Pro Rib 28 Gauge Panel, Class 4 Hail Resistant, Class A Fire Resistant, galvanized metal roofing from Midwest Manufacturing, a roofing material similar in appearance but far superior to those found in the Sears and Montgomery Ward Catalogs that contained the kind of kit home that we currently own at 1500 North Park Place. The materials that were listed with the kits were wood shingles or shake (obviously not an option for safety reasons) or tin. However, kit house buyers regularly altered floorplans and substituted alternative housing and roofing materials based on aesthetics or income (for example, the bungalow across from ours, 1505 North Park Place, upgraded to clay tile roofing materials). Since the roofing material we chose is similar in substance and appearance to those readily available in 1920, it never crossed our minds that there would be an issue, an assumption that was confirmed by the issuance of a permit by the city. Evidence that we in no way meant to undermine the appearance of the roof is supported by the color chosen—an ivory rather than bright white was chosen to complement the brick and lessen the visual impact of the roof.

On Thursday, November 19, the City of Wichita stopped the work on our brick house at 1500 North Park Place, based on a complaint by a neighbor to Kathy L. Morgan, Senior Planner, Wichita Historic Preservation Office. When I called Ms. Morgan and explained that metal roofs were options in the 1920's when my house was constructed, I was told there were never metal roofs on residences in historic Wichita.

While I am neither an architect, nor an expert in roofing materials and practices, I doubted the veracity of this claim and began research. This is some of what I found from historic newspapers:

“Insurance Rates Lower,” *The Wichita Beacon*, Monday January 11, 1911, Page 2:

This article addresses the 1909 Kansas insurance law that reduced rates for brick dwelling with metal roofs. It states, “The figures on dwelling houses cover two classes of property—brick dwellings with metal roof, and frame dwellings with shingle roof. There are few brick dwellings in Kansas with metal roofs but the rate such dwellings bear is interesting. The principal business of the fire insurance companies is written upon frame buildings with shingle roof.”

While brick houses with metal roofs may have been rare, they certainly existed, for legislators would not have written laws for non-existent structures. People who worried about fire chose metal roofs at the turn of the 20<sup>th</sup> century, just as homeowners at the turn of the 21<sup>st</sup> century have begun considering metal roofs

again because of their ability to withstand high winds and hail, as well as the facts that such roofs reduce energy consumption and lower insurance rates considerably.

Specific brick homes with metal roofs in historic Wichita:

“New Residences,” *The Wichita Eagle*, July 18, 1884, Page 4:

“Mr. C. Kimmerle’s fine suburban residence on Lawrence avenue is now nearly completed. It is a two story brick with ten rooms and a basement. Has a metal roof; is provided with water and gas, and is plastered with ornamental plastering.”

“People You Know,” *The Wichita Beacon*, April 14, 1912, Page 6:

This article states, “L.Hays, president of the L. Hays Saddlery and Leather company of this city, built a brick residence near the southeast corner of William and Water street in 1885,...The brick building, with its quaint wooden cornices, tin roof and bay window on the south was designed by the late R. West, who many years ago was a well known Wichita architect. The plans, design and style of the Hays building were followed in the construction of the home of C.W. Carey, 238 South Lawrence avenue, in 1886; the brick residence which O.C. Daisy built at 123 South Topeka avenue in 1887, and the M.W. Levy building, northeast corner of Topeka avenue and First street, erected in 1888.”

“Usual and Unusual,” *The Wichita Daily Eagle*, August 22, 1920, Page 5:

This article addresses the repair of H.R. Schuerhoff’s tin roof at 502 Laura Avenue. The tin roof was not what was pointed out as unusual, rather the fact that Schuerhoff jerryrigged a “100-watt incandescent lamp on the end of a stick” to patch the roof in the midst of a hailstorm.

In addition, the newspapers are littered with advertisements aimed at homeowners from master tanners and painters advising them to keep their tin roofs painted and kept up to extend the lives of their roofs. Fortunately, the material we have chosen uses current technology of a zinc and baked paint covering which minimizes upkeep and extends the life of the roof.

Initially, the during the emergency meeting of the Historic Preservation Board, November 23, 2015, Ms. Morgan advised the Board that while metal roofs similar in appearance to ours may have been used in rural Kansas, they were not used in urban areas. The Board then discussed the possibility of using other metal roofing materials, or even of allowing the roof currently on 1500 North Park Place, but the idea was rejected due to the precedent that would be set.

The Secretary of Interior’s Standards have to be applied to the specific project / property under review. It doesn’t matter what neighboring properties have or other properties in town have. For example, just because the house across the street has clay tile roofing doesn’t mean it would be appropriate for this house too. Standards #2 and #3 specifically deal with the character of the building itself. If there is no evidence through Sanborn maps, historic photos, or other documentation that 1500 N. Park Place ever had metal roofing then it’s not recommended per the Standards. That being said, it’s not so much the material itself as it is the overall design of the roof and how it impacts the building’s character. The house did have a typical tab shingle roof with a certain horizontal emphasis created by the shingle pattern. Installing a roof with vertical seams and ridges changes that emphasis and the whole character of the house. The HPB members did offer suggestions of using synthetic materials and even metal shingle products. In my brief internet research, one such product is a pressed metal roofing system like <http://www.decra.com/products/decra-shingle>.

However, there are very clear precedents of metal roofing materials currently on houses in the Park Place/Fairview Historic District:

1616 North Park Place: Metal tile roof – Existing material is the original French Interlocking Green Glazed clay tile original to the house.

1453 North Park Place: Sheet metal roofing material used on parts of both lower level roof and house - This house has board and batten siding in the 2<sup>nd</sup> story and on the pent eave between the first and second floor. The porch has rolled roofing material

1558 Fairview: Unpainted metal roof on porch - The porch on this house is not original and according to design guidelines if the porch roof structure had to be replaced the material would return to the tradition wood frame with composition shingles and wood porch supports.

1718 Fairview: Unpainted metal roof on porch - This is not a contributing structure in the historic district; The building was converted to a four-plex and retains no character defining features of the original structure.

Apparently, the only precedent that we have set is to request and be issued a permit to install a metal roof.

On Tuesday, November 24, 2015, Metropolitan ABCD, called our roofer and told him to finish our roof before the storm hit. Unfortunately the storm did hit before the roof was finished, but we hope that enough was completed that no interior damage was sustained to the lathe and plaster interior.

This is where we now stand. I have been informed by Ms. Morgan that the next step is to appeal to the City Council (Sec. 2.12.1023. - Certificate of Appropriateness Review for Wichita Register Historic Properties and Wichita Register Historic Districts).

Here is our argument in appealing the Historic Preservation Board's revocation of the Metropolitan Area Building and Construction Department issued permit dated November 2, 2015:

Since we own a house in a historic district, we strive to maintain historical authenticity but not to the detriment of the environment.

Because tin and corrugated metal roofs are listed as roofing options in both the Sears and Montgomery Ward catalogs of the time period which provided kit homes similar to the one at 1500 N. Park Place, we believe that we are maintaining historical authenticity, while observing environmental best practice by replacing an eight year old, hail damaged, asphalt shingle roof with a more sustainable, yet historically, viable alternative.

Asphalt shingles are made with petroleum products and have a shorter life expectancy in areas sustaining high winds and hail damage on a regular basis. Whereas, the class 4 high impact metal roof, which we have installed and which meets LEED recommendations of the preservation of the historic roof line, will reduce our energy consumption and has a much longer life expectancy and thus will preserve the existing structure, which is the primary function of a roof.

The Historic Preservation Board can only take into consideration the Secretary of Interior's Standards For Rehabilitation and the Guidelines on Sustainability for Rehabilitating Historic Buildings.

Finally, I am an adjunct in the English Department at WSU and my husband, who was laid off during the recession, is a full-time student who will graduate in May. Money is tight, and we were thrilled to find a local company that specialized in sustainable construction who was able to provide our historically viable roof at a lower cost than local, reputable roofers quoted us for an asphalt roof, which neither of us found environmentally acceptable.

We would ask the City Council to consider the historical relevance and economic viability of metal roofs as well as the environmental toll that asphalt shingles exact when coming to a decision regarding the roof that has been put on 1500 North Park Place with the City's knowledge and permission.

Respectfully,

## ROOFS—COOL ROOFS AND GREEN ROOFS

### RECOMMENDED

### NOT RECOMMENDED

Retaining and repairing durable, character-defining historic roofing materials in good condition.	Replacing durable, character-defining historic roofing materials in good condition with a roofing material perceived as more sustainable.
Analyzing whether a cool roof or a green roof is appropriate for the historic building.	
Installing a cool roof or a green roof on a flat-roofed historic building where it will not be visible from the public right of way and will not negatively impact the building's historic character.	Installing a cool roof or a green roof without considering whether it will be highly visible from the public right of way and will negatively impact the building's historic character.
Selecting appropriate roofing materials and colors when putting a new cool roof on the historic building.	Installing a cool roof that is incompatible in material or color with the historic building.
Ensuring that the historic building can structurally accommodate the added weight of a green roof and sensitively improving the structural capacity, if necessary.	Adding a green roof that would be too heavy and would damage the historic building or supplementing the structural capacity of the historic building in an insensitive manner.

85

86

**Recommended:** [85-86] A cool or green roof is best installed on a flat roof where it cannot be seen from the public right of way and will not negatively impact the character of the historic building.

87

**Not Recommended:** [87] Historic roofing materials in good condition should be retained rather than replaced with another material perceived as more sustainable, such as, in this case, solar roofing shingles.

88

**Not Recommended:** [88] This new, cool white metal roof is not an appropriate material or color for this historic mid-20th century house.

**Sent:** Wednesday, December 02, 2015 5:59 PM  
**To:** Morgan, Kathy  
**Subject:** Metal roof 1500 N. Park Pl.

Cannot believe the city is allowing them to finish roof. If we are going to allow this than I do not see the point of having a historical area and we ought to do away with it. Then we can see how ugly we can make this area. This area has continually gotten worse. I know the city would like to think it is better but they're wrong I've lived here for 30 years  
Sent from my iPad RPD

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Uniforms and Uniform Equipment Accessories Management Program (Web-Based Uniform Purchase Program)

**INITIATED BY:** Police Department

**AGENDA:** Unfinished Business

---

**Recommendation:** Approve the contract.

**Background:** Approximately 700 employees of the Wichita Police Department (WPD) receive an annual clothing allowance to purchase uniform and equipment items which have been approved by the Department. The current voucher system was implemented in 2004 and is considered to be outdated and no longer efficient for ordering uniforms and equipment; monitoring the status and scheduled delivery of items ordered; processing vouchers; and monitoring allowances for appropriate department members. The contract for the purchase and delivery of WPD uniform and equipment items using the current system expired December 31, 2015.

A Request for Proposal (RFP) was issued in October 2015 for a web-based system for the ordering, purchase and delivery of WPD uniforms and equipment. Utilization of a web-based solution is intended to improve efficiency, provide improved reporting capabilities, as well as add convenience for WPD staff members with respect to ordering, tracking and delivery of purchases. WPD staff will have the ability to individually order desired items 24 hours/7days per week, track the status of orders online and monitor scheduled delivery dates. The RFP was distributed to 73 firms and responses were received from two firms – Galls, LLC and Baysingers Uniforms and Equipment.

During City Council presentation on January 12, 2016 it was unanimously voted 6-0 to defer this item to January 19, 2016 so that staff can adequately address Mr. Carduff's appeals related to vendor selection. Mr. Carduff recently informed City Council that he would be out of town on January 19<sup>th</sup>; therefore would need another deferment to February 2, 2016.

**Analysis:** A Staff Screening and Selection Committee (SSSC) comprised of representatives from Finance, Purchasing, Law, Police, Airport Police and Fire, Public Works & Utilities, Municipal Court and Information Technology reviewed the proposals, interviewed and evaluated system demonstrations for both respondents to the RFP. The SSSC also included a representative of the Fraternal Order of Police.

Based on the evaluation of the proposals, interviews and online system demonstrations, the SSSC recommends Galls, LLC as the provider for the purchase of WPD uniforms and equipment utilizing its web-based solution. This recommendation is based on the ability of Galls to best meet the desired needs and objectives of the RFP, including the web-based ordering system, reporting capabilities, staffing and service support, inventory, delivery and cost. Galls has been in business for 48 years servicing the public safety market and specializing in the areas of law enforcement, fire, EMS, security and corrections. Galls is supported by a primary distribution facility in Lexington, Kentucky and currently has 15 retail stores and five service centers across the nation. Galls will also open a new center in Wichita to provide and meet local customer service needs. A wide variety of products and services are provided to clients that include uniform design, product development, quality assurance, full uniform embellishments, customer web sites, custom reporting, and a full range of uniforms and equipment in private label as well as top brands in public safety. Galls currently holds over similar contracts for other public

safety organizations, including the City of Austin, San Antonio Fire Department and the Lexington, Kentucky Police Department.

**Financial Considerations:** From the established uniform allowance, appropriate members of the WPD are able to purchase approved uniform and equipment items. For 2016, approximately \$500,000 is budgeted for clothing allowance within the General Fund.

**Legal Considerations:** The Law Department has reviewed and approved the contract as to form.

**Recommendations/Actions:** It is recommended that the City Council approve the contract and authorize the necessary signatures.

**Attachments:** Contract

**CONTRACT**  
**for**  
**WPD UNIFORMS and UNIFORM EQUIPMENT ACCESSORIES MANAGEMENT**  
**PROGRAM (WEB BASED UNIFORM PURCHASE PROGRAM)**

**BLANKET PURCHASE ORDER NUMBER BP640000**

**THIS CONTRACT** entered into this 12th day of January, 2016, by and between the **CITY OF WICHITA, KANSAS**, a municipal corporation of the State of Kansas, having its principal office at 455 North Main Street, Wichita, Kansas, 67202, (hereinafter called "**CITY**"), and **GALLS, LLC**, (Vendor Code Number 825784), whose principal office is at 1340 Russell Cave Road, Lexington, KY 40505, Telephone Number (800) 876-4242 hereinafter called "**VENDOR**".

**WITNESSETH:**

**WHEREAS**, the **CITY** has solicited proposals for WPD Uniforms and Uniform Equipment Accessories Management Program (web based uniform purchase program) (Formal Proposal – FP540066) [Commodity Code Number 20072]; and

**WHEREAS**, **VENDOR** has submitted the proposal most beneficial to the **CITY** and is ready, willing, and able to provide the commodities and/or services required by the **CITY**.

**NOW, THEREFORE**, the parties hereto agree as follows:

1. **Scope of Services.** **VENDOR** shall provide to the **CITY** all those commodities and/or services specified in its response to Formal Proposal Number – FP540066 [Commodity Code Number 20072], which are incorporated herein by this reference the same as if it were fully set forth. The proposal package, including all specifications, plans and addenda's, provided by the City of Wichita as part of the proposal letting process for Formal Proposal Number – FP540066, shall be considered a part of this contract and is incorporated by reference herein.

All pricing and ordering of goods and services shall be through the approved web based application accessible 24.7 by each individual officer or WPD staff.

Vendor will have web-based application ready to utilize by WPD in thirty days (30) from award of contract.

Vendor will assign a single point of contact for this uniform program and will schedule full quarterly business reviews with WPD Training Captain and staff in Wichita, KS.

Vendor will provide one week of on-site training in Wichita, KS during implementation.

Vendor will set up a service center in the Wichita, Kansas area to service the Wichita Police Department within an estimated timeframe of 150 to 180 days of contract award date.

2. **Compensation.** CITY agrees to pay to **VENDOR** the following **unit price** for **WPD Uniforms and Accessories** the Formal Proposal – FP540066 [Commodity Code Number 20072 ], for Wichita Police Department, Training Division as shown on Attachment B as compensation as per the proposal, plans, specifications, addenda's and **VENDOR's** proposal of October 26, 2015 and as approved by the City Council on January 12, 2016.

3. **Term.** The term of this contract shall be from January 12, 2016, through December 31, 2016, with options to renew the contract under the same terms and conditions for four (4) successive one (1) year terms by mutual agreement of the parties. This contract is subject to cancellation by the city, at its discretion at any time within the original contract term or within any successive renewal, upon thirty (30) days written notice to **VENDOR**.

4. It is the intent of the parties that the provisions of this Agreement not violate the Kansas Cash Basis Law (K.S.A. 10-1101, et seq.) or the Kansas Budget Law (K.S.A. 79-2925). Therefore, notwithstanding anything to the contrary herein contained, the City's obligations under this Agreement are not to be construed in a manner that assumes that the City is at all times not in violation of the Cash Basis law or the Budget Law.

5. **Indemnification and Insurance.**

a. **VENDOR** shall save and hold the **CITY** harmless against all suits, claims, damages and losses for injuries to persons or property or other liability loss arising from or caused by errors, omissions or negligent acts of **VENDOR**, its officers, agents, servants, or employees, occurring in the performance of its services under this Contract, or arising from any defect in the materials or workmanship of any product provided in the performance of this Contract.

b. **CONTRACTOR** will carry insurance coverage during the term of this contract and any extensions thereof in the amounts and manner provided as follows:

1. Commercial General Liability covering premises—operations, xcu (explosion, collapse and underground) hazards, Product/Completed operations, Broad Form Property Damage, and

**Contractual Liability with minimum limits as follows:**

<b>Bodily Injury Liability</b>	<b>\$500,000 each occurrence</b>
	<b>\$500,000 each aggregate</b>

Property Damage Liability	\$500,000 each occurrence
	\$500,000 each aggregate

Or

<b>Bodily Injury and Property Damage Liability (Combined Single Limit)</b>	<b>\$500,000 each occurrence \$500,000 each aggregate</b>
--	---

2. Automobile Liability - Comprehensive Form including all owned, hired and non-owned vehicles with minimum limits for:

<b>Bodily Injury Liability</b>	<b>\$500,000 each accident</b>
<b>Property Damage Liability</b>	<b>\$500,000 each accident</b>

Or

<b>Bodily Injury and Property Damage Liability (Combined Single Limit)</b>	<b>\$500,000 each accident</b>
--	--------------------------------

3. <u>Workers' Compensation</u>	Statutory
---------------------------------	-----------

Employers Liability	\$100,000 Each Accident
	\$500,000 Aggregate
	\$100,000 Occupational Disease

**The Insurance Certificate must contain the following:**

The City of Wichita shall be added as primary and non-contributory additional insured. The policy shall also provide coverage for contractor's/vendor's contractual obligations created in the Agreement.

**6. Independent Contractor.** The relationship of the **VENDOR** to the **CITY** will be that of an independent contractor. No employee or agent of the **VENDOR** shall be considered an employee of the **CITY**.

**7. Compliance with Laws.** **VENDOR** shall comply with all laws, statutes and ordinances which may pertain to the providing of services under this Contract.

**8. No Assignment.** The services to be provided by the **VENDOR** under this Contract are personal and cannot be assigned, delegated, sublet or transferred without the specific written consent of the **CITY**.

**9. Non-Discrimination.** **VENDOR** shall comply with all applicable requirements of the City of Wichita Revised Non-Discrimination and Equal Employment/Affirmative Action Program Requirements Statement for Contracts or Agreements attached hereto as Exhibit A.

**10. Third Party Rights.** It is specifically agreed between the parties that it is not intended by any of the provisions of any part of this Contract to create in the public or any member thereof the rights of a third-party beneficiary hereunder, or to authorize anyone not a party to this Contract to maintain a suit for damages pursuant to the terms or provisions of this Contract.

**11. No Arbitration.** The Contractor and the City shall not be obligated to resolve any claim or dispute related to the Contract by arbitration. Any reference to arbitration in bid or proposal documents is deemed void.

**12. Governing Law.** This contract shall be interpreted according to the laws of the State of Kansas. The parties agree that this contract has been created in Kansas.

**13. Representative's Authority to Contract.** By signing this contract, the representative of the contractor or vendor represents that he or she is duly authorized by the contractor or vendor to execute this contract, and that the contractor or vendor has agreed to be bound by all its provisions.

IN WITNESS WHEREOF, the parties have set their hands the day and year first above written.

## **EXHIBIT A**

### **REVISED NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION PROGRAM REQUIREMENTS STATEMENT FOR CONTRACTS OR AGREEMENTS**

During the term of this contract, the contractor or subcontractor, vendor or supplier of the City, by whatever term identified herein, shall comply with the following Non-Discrimination--Equal Employment Opportunity/Affirmative Action Program Requirements:

- A. During the performance of this contract, the contractor, subcontractor, vendor or supplier of the City, or any of its agencies, shall comply with all the provisions of the Civil Rights Act of 1964, as amended: The Equal Employment Opportunity Act of 1972; Presidential Executive Orders 11246, 11375, 11131; Part 60 of Title 41 of the Code of Federal Regulations; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990 and laws, regulations or amendments as may be promulgated thereunder.
- B. Requirements of the State of Kansas:
  - 1. The contractor shall observe the provisions of the Kansas Act against Discrimination (Kansas Statutes Annotated 44-1001, et seq.) and shall not discriminate against any person in the performance of work under the present contract because of race, religion, color, sex, disability, and age except where age is a bona fide occupational qualification, national origin or ancestry;
  - 2. In all solicitations or advertisements for employees, the contractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase to be approved by the "Kansas Human Rights Commission";
  - 3. If the contractor fails to comply with the manner in which the contractor reports to the "Kansas Human Rights Commission" in accordance with the provisions of K.S.A. 1976 Supp. 44-1031, as amended, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 4. If the contractor is found guilty of a violation of the Kansas Act against Discrimination under a decision or order of the "Kansas Human Rights Commission" which has become final, the contractor shall be deemed to have breached the present contract, and it may be canceled, terminated or suspended in whole or in part by the contracting agency;

5. The contractor shall include the provisions of Paragraphs 1 through 4 inclusive, of this Subsection B, in every subcontract or purchase so that such provisions will be binding upon such subcontractor or vendor.
- C. Requirements of the City of Wichita, Kansas, relating to Non-Discrimination -- Equal Employment Opportunity/Affirmative Action Program Requirements:
1. The vendor, supplier, contractor or subcontractor shall practice Non-Discrimination -- Equal Employment Opportunity in all employment relations, including but not limited to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The vendor, supplier, contractor or subcontractor shall submit an Equal Employment Opportunity or Affirmative Action Program, when required, to the Department of Finance of the City of Wichita, Kansas, in accordance with the guidelines established for review and evaluation;
  2. The vendor, supplier, contractor or subcontractor will, in all solicitations or advertisements for employees placed by or on behalf of the vendor, supplier, contractor or subcontractor, state that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, "disability, and age except where age is a bona fide occupational qualification", national origin or ancestry. In all solicitations or advertisements for employees the vendor, supplier, contractor or subcontractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase;
  3. The vendor, supplier, contractor or subcontractor will furnish all information and reports required by the Department of Finance of said City for the purpose of investigation to ascertain compliance with Non-Discrimination -- Equal Employment Opportunity Requirements. If the vendor, supplier, contractor, or subcontractor fails to comply with the manner in which he/she or it reports to the City in accordance with the provisions hereof, the vendor, supplier, contractor or subcontractor shall be deemed to have breached the present contract, purchase order or agreement and it may be canceled, terminated or suspended in whole or in part by the City or its agency; and further Civil Rights complaints, or investigations may be referred to the State;
  4. The vendor, supplier, contractor or subcontractor shall include the provisions of Subsections 1 through 3 inclusive, of this present section in every subcontract, subpurchase order or subagreement so that such provisions will be binding upon each subcontractor, subvendor or subsupplier.

5. If the contractor fails to comply with the manner in which the contractor reports to the Department of Finance as stated above, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;

D. Exempted from these requirements are:

1. Those contractors, subcontractors, vendors or suppliers who have less than four (4) employees, whose contracts, purchase orders or agreements cumulatively total less than five thousand dollars (\$5,000) during the fiscal year of said City are exempt from any further Equal Employment Opportunity or Affirmative Action Program submittal.
2. Those vendors, suppliers, contractors or subcontractors who have already complied with the provisions set forth in this section by reason of holding a contract with the Federal government or contract involving Federal funds; *provided that* such contractor, subcontractor, vendor or supplier provides written notification of a compliance review and determination of an acceptable compliance posture within a preceding forty-five (45) day period from the Federal agency involved.

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Ordinance Creating Section 2.04.235 pertaining to Council Procedures for Quasi-Judicial Hearings

**INITIATED BY:** Law Department

**AGENDA:** New Business

---

**Recommendation:** Place ordinance on first reading.

**Background:** Pursuant to numerous City Code provisions, the City Council reviews the denial, suspension and revocation of various business licenses. In addition to reviewing licensing determinations, the City Code allows the City Council to review appeals of staff determinations by an affected party. These hearings are quasi-judicial in nature.

**Analysis:** State and federal law extends the protections of the Due Process Clause of the Fifth and Fourteenth Amendments to quasi-judicial hearings. A quasi-judicial hearing before the Council must be conducted fairly, openly and impartially. The individual appealing the decision must be given notice and an opportunity to be heard. No hearing procedures have been codified in the City Code. It is recommended that the ordinance be adopted to better inform individuals appealing staff decisions to the City Council of the hearing procedures to be utilized.

**Financial Considerations:** None.

**Legal Considerations:** The ordinance has been prepared and approved as to form by the Law Department.

**Recommendations/Actions:** It is recommended that the City Council place the ordinance on first reading and authorize the necessary signatures.

**Attachment:** Ordinance.

1/4/16

ORDINANCE NO. 50-

AN ORDINANCE CREATING SECTION 2.04.235 OF THE CODE OF THE CITY OF WICHITA, KANSAS, PERTAINING TO CONDUCT OF COUNCIL ON QUASI-JUDICIAL MATTERS.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS:

SECTION 1. Section 2.04.235 of the Code of the City of Wichita, Kansas, is hereby created to read as follows:

**"Process for Appeal of Staff Determinations.** In matters where the City Council is hearing an appeal from staff recommendations regarding the denial, suspension or revocation of a license, or reviewing actions or decisions of city staff pursuant to appeal provisions set forth in city ordinances, the following procedures shall be used by the council in conducting such hearing:

(a) The usual rules of procedure regarding time limitations for speakers are set aside. Parties shall be allowed adequate time to present their evidence and statements as to the basis of the appeal, and to support staff's decision.

(b) The Mayor, or Vice Mayor, will act as presiding officer. The presiding officer will rule on objections and will call parties to present evidence. Witnesses who testify will be sworn by the City Clerk.

(c) The hearing should be conducted in the following order of presentation:

1. The parties will present a short opening statement regarding their position of the issues to be determined.

2. Evidence in support of revocation, suspension or denial of a license or to support staff's decision is presented by the Assistant City Attorney or other city staff.

3. City Council Members may ask questions of any witness and staff called by either party.

4. Licensee, appellant or their attorney has the right to cross-examine each witness or city staff who testifies.

5. Licensee or appellant has the right to call witnesses on his or her behalf, including any city witnesses.

6. The Assistant City Attorney representing staff may cross-examine each witness called on behalf of the licensee or appellant.

7. City Council Members may ask questions of the licensee or appellant, even if he or she is not called as a witness.

8. Opportunity for rebuttal by city staff or by the Assistant City Attorney may be granted at the discretion of the presiding officer.

9. Unless granted additional time by the presiding officer, time for closing statements by the Assistant City Attorney

and the licensee, appellant or their attorney is limited to 10 minutes each.

10. The City Council may discuss the testimony and arguments after evidence is presented. Upon a proper motion, the council may move to deliberate in executive session.

(d) The City Attorney and/or opposing side may submit suggested findings of fact to the Council.

(e) City Council decisions are to be made by motion. A majority vote of the members of the City Council is required to pass a motion. The Council should adopt findings of fact which establish a basis and provides support for its decision.

(f) Decisions may be made at the conclusion of the hearing or may be taken under advisement for later action. The Council's decision shall be rendered no later than thirty days following the conclusion of the hearing. The City Attorney and appellant will have had the opportunity to submit their suggested findings to the City Council.

(g) Prior to the hearing, upon request, the City Attorney shall provide to the appellant, or his/her attorney, copies of all supporting documentation regarding staff's recommendations, as well as copies of all documents submitted to the City Council.

(h) Unless otherwise provided for by specific appeal provisions set forth in the city's ordinances, any appeal of a staff's determination may be taken by filing with the City Clerk a written notice of appeal to the City

Council within ten (10) business days of the staff's decision. The Notice of Appeal shall specify: the name and address of the appellant; the date of application; the date of the denial, suspension, modification, revocation or imposition of additional conditions of the license or application and the factual basis for the appeal.

(1) Upon receipt of a complete and timely filed Notice of Appeal, the City Clerk shall schedule a hearing before the City Council, no later than thirty days from the date of the filing of the Notice of Appeal with the City Clerk. Any appeal shall stay the suspension, modification or revocation of the license until the matter is heard by the City Council.

(2) The City Council may approve the denial, suspension, modification, revocation, or imposition of additional conditions, overrule the denial, suspension, modification, revocation or imposition of additional conditions or modify the decision of staff.

(3) The Council's decision may be appealed to the Eighteenth Judicial District Court of the State of Kansas pursuant to K.S.A. 60-2101 and any amendments thereto. Any such appeal to the District Court shall not stay the denial, revocation, modification or suspension of the license by the City Council.”

SECTION 2. This ordinance shall be included in the Code of the City of Wichita, Kansas, and shall be effective upon its passage and publication once in the official city paper.

PASSED by the governing body of the City of Wichita, Kansas, this 26th day of January, 2016.

City Attorney and Director of Law

City of Wichita  
City Council Meeting  
January 19, 2016

**TO:** Mayor and City Council

**SUBJECT:** Proposed 2016 Outsourced Pavement Preservation Program (All Districts)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** New Business

---

**Recommendation:** Approve the 2016 Outsourced Pavement Preservation Program and adopt the resolution.

**Background:** Each year, funds are allocated for the outsourced repair and maintenance of City streets. The Outsourced Pavement Preservation Program (OP3) provides for privatized street maintenance work, including concrete and asphalt pavement repair and reconstruction, curb and gutter repair and replacement, various asphalt surface treatments, crack sealing, and thermal crack repair. The OP3 supplements the work performed by City crews and is submitted for the City Council's approval on an annual basis.

**Analysis:** The City of Wichita's paved street network is comprised of more than 5,000 lane-miles of residential, collector and arterial streets and expressways, representing a total paved area in excess of 322 million square feet. In order to cost effectively maintain this vast network of assets, the City supplements the critical preventive, corrective and emergency maintenance efforts of its internal staff, by leveraging the resources and expertise of private contractors.

As proposed, the 2016 program will serve to maintain its approximately 438 lane-miles of residential streets, and 221 lane-miles of arterial streets. In addition, the program will address a number of other concerns, including replacing noncompliant wheelchair ramps to meet current Americans with Disabilities Act guidelines, and providing engineering construction administration and inspection.

**Financial Considerations:** Proposed expenditures for the 2016 OP3 total \$8,000,000. Funding of \$4,000,000 is included in the 2016 Adopted Public Works & Utilities General Fund operating budget for Pavement Maintenance. The remaining \$4,000,000 is included in the 2015-2024 Adopted Capital Improvement Program and will be funded with general obligation bonds.

**Legal Considerations:** The Law Department has reviewed and approved the bonding resolution as to form.

**Recommendations/Actions:** It is recommended that the City Council approve the 2016 Outsourced Pavement Preservation Program, adopt the resolution and authorize the necessary signatures.

**Attachment:** Proposed 2016 OP3, resolution, project sheets, and map.

RESOLUTION NO. \_\_-\_\_

**A RESOLUTION AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE CITY OF WICHITA, KANSAS TO PAY THE COSTS OF CERTAIN PUBLIC IMPROVEMENTS IN THE CITY.**

---

**WHEREAS**, the City of Wichita, Kansas (the "City") is a municipal corporation, duly created, organized and existing under the Constitution and laws of the State; and

**WHEREAS**, the Governing Body is authorized, , pursuant to K.S.A. 13-1024c, as amended by Charter Ordinance No. 156 of the City (the "Act") to issue general obligation bonds of the City without an election for the purpose of paying for the construction, purchase or improvement of any public improvement, including the land necessary therefore, and for the purpose of rebuilding, adding to or extending the same as the necessities of the City may require and for the purpose of paying for certain personal property therefore; and

**WHEREAS**, the Governing Body hereby finds and determines that it is necessary and advisable to make certain public improvements described as follows:

2016 CIP Outsourced Pavement Preservation, to include:

Costs of concrete pavement maintenance (472-85260, 472-85261, 472-85262, 472-85263, 472-85264) at various locations throughout the City,

Costs of micro surfacing maintenance (472-85267) at various locations throughout the City, and

Thermal crack maintenance (472-85265, 472-85266) at various locations throughout the City

(the "Project") and to provide for the payment of all or a portion of the costs thereof by the issuance of general obligation bonds of the City pursuant to the Act.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS, AS FOLLOWS:**

**Section 1. Project Authorization.** It is hereby authorized, ordered and directed that the Project be acquired and/or constructed at an estimated cost of \$4,000,000 in accordance with contracts and specifications therefor prepared under the direction of the City Engineer and approved by the Governing Body.

**Section 2. Project Financing.** All or a portion of the costs of the Project, interest on financing and administrative and financing costs shall be financed with the proceeds of general obligation bonds of the City (the "Bonds"). The Bonds may be issued to reimburse expenditures made on or after the date which is 60 days before the date of adoption of this Resolution, pursuant to Treasury Regulation §1.150-2.

**Section 3. Effective Date.** This Resolution shall be in full force and effect from and after its adoption by the Governing Body.

**ADOPTED** by the City Council of the City of Wichita, Kansas, on January 19, 2016.

## **Introduction**

# **Proposed 2016 Outsourced Pavement Preservation Program (OP3)**

---

The City of Wichita's paved street network is comprised of more than 5,000 lane-miles of residential, collector and arterial streets and expressways, representing a total paved area in excess of 322 million square feet. In order to cost effectively maintain this vast network of assets, the City supplements the critical preventive, corrective and emergency maintenance efforts of its internal staff by leveraging the resources and expertise of private contractors. Each year outsourced pavement maintenance efforts are proposed and submitted for approval in the Outsourced Pavement Preservation Program (formerly the Contract Maintenance Program, or CMP). In order to effectively manage both internal and external pavement maintenance resources, the Public Works & Utilities (PW&U) Department has always striven to effect "the right treatment, on the right road, at the right time". But, just as socioeconomic and technological influences continue to evolve, so too does the department's approach. At present, the department is continuing its development and implementation of a project selection, evaluation, and reporting process that will be:

1. More objective, relying greater on economic measures like return on investment (ROI) and remaining service life (RSL), and less on subjective measures like "good", "satisfactory", or "poor"
2. More supportive of experimentation and less adherent to past practice
3. More likely to incorporate new technologies
4. Better able to quantify the cost of deferred maintenance
5. Better able to maximize the City's returns on future investments
6. Better able to assist in the identification of optimum funding levels

## **Outsourced Pavement Preservation Program Project Selection Process**

### **Traditional Approach**

Locations to be addressed in the Outsourced Pavement Preservation Program (OP3) have traditionally been determined using the following criteria.

- 1. Pavement Condition Index (PCI)**

Every street segment in the City is reviewed and assigned a PCI number. The PCI number can range from 0 to 100, and is determined by evaluating each segment for various pavement distresses.

Traditionally, a PCI value of 70 has been considered satisfactory. Streets with PCIs below 70, and especially below 50, were formerly considered first for inclusion in the OP3. PCIs were also used to guide preventive maintenance, but only as funding allowed. (Preventive maintenance delays streets from dropping into a lower condition range, which averts significantly more costly repair.)

- 2. Completion of Locations Previously Identified**

If repairs to previously programmed locations are not able to be completed, they are typically included in the following year's OP3.

# **Proposed 2016 Outsourced Pavement Preservation Program (OP3)**

---

## **3. Stakeholder Requests**

Stakeholder requests are continually evaluated and prioritized against competing demands and existing commitments. Qualifying locations are addressed either in-house, or via the OP3, as resources allow.

## **4. Maintenance History and Other Programs**

Streets that have required extensive mitigation by City staff, or for which routine maintenance operations are no longer effective, also receive special consideration. Streets that are scheduled for repair or replacement via other programs, such as the Capital Improvement Program (CIP), are not included in the OP3.

Historically, OP3 expenditures were distributed equally among the City's six council districts. While not overtly a criterion, the practice was prioritized above other considerations, and thus had a profound effect on project selection.

## **Enhanced Approach**

As part of ongoing efforts to maximize the City's return on continued investments, several enhancements are proposed anew, or for continued exploration in 2016.

### **1. Emphasis on Arterial Thermal Crack Repair**

Thermal crack repairs provide a low cost solution to one the City's most severe and frequently occurring pavement issues. The City's residential thermal crack repair effort was substantially completed in 2015. In response to positive customer feedback, a similar multi-year effort will commence on the City's major arterial streets in 2016.

### **2. Continued Emphasis on Preventive and Preservative Maintenance**

While preventive maintenance has historically been programmed as funding allows; it is apparent that, in order to ensure maximum return on investment, preventive maintenance must be made a priority. Much like maintaining a functional roof over one's home, the cost to maintain a good road, in good condition, is far less than the cost to rehabilitate a failed one. For example, a preservative seal can extend the service life of a good pavement by approximately 5 years, at a cost around \$1/sy, whereas milling and overlaying a bad pavement may extend the service life just 8-12 years, at a cost of \$10-\$15/sy. When applied to a hypothetical, quarter mile section of 4-lane arterial roadway (1 lane mile) the total cost to preservative seal the section at \$1/sy would be \$7,040. The total cost to mill and overlay the same section of roadway (7,040 sy) at a later date, assuming a midrange unit cost of \$12/sy, would be \$84,480. Assuming service lives of 5 and 10 years, respectively, one finds that it costs just \$1,408 to add one full lane-mile-year of service life by preservative sealing, while the cost to add the same one lane-mile-year of service life via mill and overlay is six times higher, at \$8,448.

## Proposed 2016 Outsourced Pavement Preservation Program (OP3)

When one considers, again, that the City's paved street network consists of roughly 5,000 lane-miles of pavement, the financial prudence of preventive maintenance is clear. While we do not presently track overall network condition in terms of remaining service life, we know that each lane-mile has but a limited number of years remaining until the end of its useful service life. Thus, in the absence of any maintenance improvements over a one year period, we can surmise that the remaining service of each lane-mile will be reduced by one year. Applied across the entire network, this represents a total service life reduction of 5,000 lane-mile-years, each year. Pavement preservation treatments, as well as rehabilitative repairs and reconstruction, however, add service life to the network. In order to offset the annual loss, the City must add at least 5,000 lane-mile-years back to the system through its maintenance efforts each year. Any less, results in an overall decline of the network's condition. Any more, and the overall condition improves.

While the City employs numerous strategies in its approach to pavement management, for the purpose of example, we'll examine a simplified approach using four common treatments, including the two previously described, in the table below.

Treatment	Type	Approx. Cost/SY	Approx. Service Life Extension (Years)	Lane-mile-years Needed to Maintain Status Quo	Lane Miles to be Treated	Cost to Maintain Status Quo (Using prescribed treatment alone)
Rejuvenating Seal	Preventive	\$1	5	5000	1000	\$7,040,000
Micro Surfacing	Preventive	\$3	6	5000	833	\$17,592,960
Mill & Overlay	Rehabilitation	\$12	10	5000	500	\$42,240,000
Asphalt Reconstruction	Reconstruction	\$35	25	5000	200	\$49,280,000

While none of the above hypothetical approaches is optimized for the City's existing network, the exercise serves to illustrate three points.

1. Preventive and preservative maintenance are better financial values than extensive rehabilitation and replacement.
2. To successfully operate under the best of these scenarios – the one that serves to maximize ROI – one would need to begin with a near perfect system and maintain 20% of that system each year. In reality, less than 20% of our existing system falls within the appropriate condition range for that treatment. Consequently, we must endeavor to employ some optimum combination of treatments across the full spectrum of pavement condition.

## Proposed 2016 Outsourced Pavement Preservation Program (OP3)

3. The example serves to demonstrate the scale of maintenance required and alludes to the cumulative impact of deferred maintenance.

In light of the benefits, preventive and preservative maintenance have increased significantly since 2011. The result has been a dramatic increase in the total number of lane miles maintained each year. As demonstrated below, approximately 660 lane miles will be touched in 2016, which is more than nine times the number touched in 2011.

### 3. Pilot Projects

PW&U is committed to the evaluation and incorporation of new pavement maintenance strategies and techniques. A number of treatments were successfully piloted in 2015. In order to further evaluate the department's developing mitigation strategy (mitigating streets in poor condition, rather than undertaking significantly more costly rehabilitation and reconstruction), several treatments are proposed for additional testing in the coming year, as follows:

1. Micro surfacing seal over scrub seal (mitigation)
2. Fiber reinforced micro surfacing seal (mitigation)
3. Fiber reinforced micro surfacing seal over scrub seal (mitigation)

Additionally, given its low initial cost and high overall ROI, a significant portion of the 2016 program is proposed to be dedicated to crack sealing. Historically, crack sealing has been performed almost exclusively in-house. Consequently, a large-scale outsourcing of the work represents a pilot in and of itself. It is expected that lessons learned during 2016 will impact both the size and nature of future outsourced crack sealing efforts.

# **Proposed 2016 Outsourced Pavement Preservation Program (OP3)**

---

## **4. Investment Optimization**

Ongoing economic pressures have exposed the limitations of the City's traditional use of PCI. The PCI effectively illustrates network trends, but in and of itself does not allow for an objective means of characterizing streets as "failed", "deficient", or "in need of repair". More importantly, it does not afford an objective means of quantifying the cost of deferred maintenance. In order to accurately and objectively do so, an approach other than PCI is needed.

PW&U believes the City will be best served by evaluating economic measures, rather than PCI alone. Toward that end, the department has developed a computerized investment optimization model. The model allows staff to analyze and compare various alternative maintenance approaches in terms of ROI, RSL and asset value. Using these measures, priorities, strategies and budgets may be optimized in terms of their long-term fiscal performance. Staff's evaluation of alternative approaches is ongoing and driven by the department's commitment to identify:

1. The short and long term results of the department's existing strategy and budget
2. The strategy and budget required to maintain current condition and asset values
3. The strategy and budget that results in the optimum ROI

## **2016 Outsourced Pavement Preservation Program Summary**

### **Definitions**

#### **1. Crack Seal**

"Crack Seal" is an application of hot liquid rubberized asphalt material placed into or above moderately sized pavement cracks. The treatment is used to prevent moisture infiltration in order to mitigate the occurrence of further distresses and reinforce the adjacent pavement.

#### **2. Concrete and Asphalt Repair**

## Proposed 2016 Outsourced Pavement Preservation Program (OP3)

"Concrete repair" and "asphalt repair" includes the limited full-depth removal and replacement of concrete or asphalt pavement, in order to address myriad pavement distresses, including spalling, pop-outs, and base failures.

Before

After

### 3. Micro Surfacing Seal and Fiber-Reinforced Micro Surfacing Seal

A "micro surfacing seal" is a mixture of relatively large aggregate, polymer modified emulsion, mineral filler and additives are combined and applied to an existing pavement using a specialized mixing and paving machine. The treatment is used to reduce water penetration, correct minor surface irregularities, improve aesthetics and extend the useful life of underlying pavement. Polyester or fiberglass fibers may be cut and added to the mix in order to enhance durability and better deter reflective cracking.

Before

After

## Proposed 2016 Outsourced Pavement Preservation Program (OP3)

### 4. Preservative Seal

A "preservative seal" consists of the application of an emulsion specially formulated to penetrate, restore and preserve existing asphalt binders. By keeping the pavement flexible, it serves to seal against water intrusion, inhibit oxidation and improve aggregate retention.

Before

After

### 5. Scrub Seal

A "scrub seal" is constructed by spraying emulsified asphalt onto an existing pavement, dragging a broom across the surface to scrub the emulsified asphalt into the surface cracks, spreading aggregate over the emulsified asphalt, and rolling the surface with a roller. The treatment is used to quickly and affordably crack fill streets with extensive surface cracking.

Before

After (outside lane, only)

## Proposed 2016 Outsourced Pavement Preservation Program (OP3)

### 6. Thermal Crack Repair

"Thermal crack repair" consists of repairing large cracks in full-depth asphalt pavements by removing the top two inches of pavement and installing a pavement interlayer reinforcement system beneath a new layer of asphalt. The interlayer reinforcement deters the crack from reflecting back through the renewed surface.

Before

After

### Proposed Expenditures

Proposed 2016 outsourced pavement preservation expenditures total \$8 million. Funds totaling \$4.0 million are included in the 2016 Adopted Public Works & Utilities General Fund operating budget for Pavement Maintenance. The remaining \$4 million for 2016 will be funded with GO at-large bonds and is included in the 2015-2024 Adopted Capital Improvement Program (CIP).

#### Network Funding/Expenditures Summary

Funding	Expenditures	Percentage
<b>General Fund (\$4 million)</b>		
Crack Seal	\$2,202,000	27.5%
Preservative Seal	\$537,000	6.7%
Micro Surfacing Seal	\$383,000	4.8%
Asphalt Pavement Spot Repair	\$172,000	2.2%
Engineering Salaries & Overhead	\$306,000	3.8%
Contingency	\$400,000	5.0%
<b>CIP (\$4 million)</b>		
Concrete Street Repair	\$1,929,000	24.1%
Micro Surfacing Seal	\$841,000	10.5%
Thermal Crack Repair	\$770,000	9.6%
Engineering Salaries & Overhead	\$460,000	5.8%
<b>Total Funding</b>	<b>\$8,000,000</b>	<b>100.0%</b>

# Proposed 2016 OP3 Locations Overview

## **RESOLUTION NO. 16-019**

### **A RESOLUTION AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS OF THE CITY OF WICHITA, KANSAS TO PAY THE COSTS OF CERTAIN PUBLIC IMPROVEMENTS IN THE CITY.**

---

**WHEREAS**, the City of Wichita, Kansas (the “City”) is a municipal corporation, duly created, organized and existing under the Constitution and laws of the State; and

**WHEREAS**, the Governing Body is authorized, , pursuant to K.S.A. 13-1024c, as amended by Charter Ordinance No. 156 of the City (the “Act”) to issue general obligation bonds of the City without an election for the purpose of paying for the construction, purchase or improvement of any public improvement, including the land necessary therefore, and for the purpose of rebuilding, adding to or extending the same as the necessities of the City may require and for the purpose of paying for certain personal property therefore; and

**WHEREAS**, the Governing Body hereby finds and determines that it is necessary and advisable to make certain public improvements described as follows:

2016 CIP Outsourced Pavement Preservation, to include:

Costs of concrete pavement maintenance (472-85260, 472-85261, 472-85262, 472-85263, 472-85264) at various locations throughout the City,

Cost of micro surfacing maintenance (472-85267) at various locations throughout the City, and

Thermal Crack maintenance (472-85265, 472-85266) at various locations throughout the City

(the “Project”) and to provide for the payment of all or a portion of the costs thereof by the issuance of general obligation bonds of the City pursuant to the Act.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS, AS FOLLOWS:**

**Section 1. Project Authorization.** It is hereby authorized, ordered and directed that the Project be acquired and/or constructed at an estimated cost of \$4,000,000 in accordance with contracts and specifications therefor prepared under the direction of the City Engineer and approved by the Governing Body.

**Section 2. Project Financing.** All or a portion of the costs of the Project, interest on financing and administrative and financing costs shall be financed with the proceeds of general obligation bonds of the City (the “Bonds”). The Bonds may be issued to reimburse expenditures made on or after the date which is 60 days before the date of adoption of this Resolution, pursuant to Treasury Regulation §1.150-2.

**Section 3. Effective Date.** This Resolution shall be in full force and effect from and after its adoption by the Governing Body.

**ADOPTED** by the City Council of the City of Wichita, Kansas, on January 19, 2016.

(SEAL)

Jeff Longwell, Mayor

ATTEST:

---

Karen Sublett, City Clerk

APPROVED AS TO FORM:

---

Jennifer Magana, Director of Law

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Water Conservation - 2016 Rebate Program (All Districts)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** New Business

---

**Recommendation:** Authorize the 2016 Rebate Program.

**Background:** The Water Conservation rebate programs offered by the City of Wichita in 2013, 2014 and 2015 provided incentives to utility customers who installed water efficient devices and appliances. During the three-year program, a total of 4,251 customers participated, with rebates given for 8,187 devices and appliances. However, the 2015 program had a much lower participation rate (2013 – 112 applications per week; 2014 – 101 applications/week; and 2015 – 40 applications per week).

Conserving water is an important component of long-term water supply planning, which has a water conservation goal of 0.35% per year. Along with the conservation goal, a study of landscaping irrigation and water well use within Wichita and opportunities for conservation within the business communities are being prepared. The results of these studies, along with other strategies for water conservation, will be discussed with the City Council in a future workshop presentation.

**Analysis:** The 2016 Rebate Program is one strategy designed to provide drought protection through 2060 and provide a mechanism to help meet the water conservation goal of 0.35% per year. The 2016 Rebate Program is proposed to be initiated before the studies are completed in order to increase participation. This early release will allow the 2016 Rebate Program to be presented at the Wichita Home Show (February 11<sup>th</sup> to 14<sup>th</sup>) as well as marketed using City 7, the City's website, social media, and news briefings. If authorized, the 2016 Rebate Program will begin February 1, 2016 and will use the 2015 Rebate Program rules with updated lists of eligible appliances and devices. Homeowners, renters of single-family homes, owners of multi-family rentals and owners of businesses who are also City of Wichita water customers will qualify as participants. Consistent with the previous years of the program, rebates will be available to people replacing fixtures in existing buildings. Customers will continue to be limited to five rebates annually, and the program will continue until the funding is exhausted. The website, SaveWichitaWater.com, will be updated weekly to show the remaining funds available for rebates.

Item	Rebate Amount
High Efficiency Toilets	\$100
Dual-Flush Kits	Up to \$50
High Efficiency Urinals	\$100
Dishwashers	\$100
Clothes Washers	\$100
Rain Sensor/Shutoffs	\$100
Smart Irrigation Devices	\$100
Rain Barrels	Up to \$75

**Financial Considerations:** A budget of \$100,000 will be reserved within the Water Conservation Program to pay for the 2016 Rebate Program. These funds are available in the 2016 Adopted Budget.

**Legal Considerations:** The Law Department has reviewed and approved this action.

**Recommendations/Actions:** It is recommended that the City Council authorize the 2016 Rebate Program.

**Attachments:** None.

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Business Services Agreement Small Business Outreach and Support

**INITIATED BY:** City Manager's Office

**AGENDA:** New Business

---

**Recommendation:** Approve the 2016 Business Services Agreement with Wichita Independent Business Association (WIBA).

**Background:** For several years, the City of Wichita has not been directly involved in encouraging, fostering or supporting small, emerging businesses. Small businesses face tremendous obstacles in sustaining themselves during the early years after formation or during economic slowdowns in the region. Many of these companies have great products and/or services but lack the knowledge and skills of running a business. With the initiation of the Blueprint for Regional Economic Growth (BREG) and the goal of the City to become more proactive in its dealing with the business community, the City has been exploring options to engage small businesses.

**Analysis:** The Blueprint for Regional Economic Growth identifies the value of working with both large and small existing companies within the eight BREG industry clusters. Current City staffing levels combined with other key initiatives within Economic Development, has limited the City's ability to take a proactive role in working directly with small and emerging businesses. Over the course of the last few months, representatives from Wichita Independent Business Association (WIBA) and the City have been meeting to consider methods of partnering to bridge the outreach gap with small businesses by having WIBA proactively reach out, engage and mentor small businesses. WIBA, which specializes in working with small, independent business, will utilize its leadership and membership to provide business counseling, networking, mentorships and workforce recruitment assistance. The proposed Business Assistance agreement with WIBA has three strategic targets: Job Creation, Scholarships, and Mentorship.

**Job Creation:** WIBA will contact at least 200 businesses and conduct at least 70 site visits resulting in the enrollment of at least 40 companies in a program to assess their employment needs.

Target: Create at least 100 new jobs.

**Scholarships:** WIBA will find and identify workers who will receive job training scholarships to participate in specific training within their particular industry cluster.

Target: Enroll at least 100 participants to receive job training scholarships.

Business Mentorship: WIBA Liaison/Ombudsman will work with participating businesses to provide assistance in the expansion of their business and workforce.

Target: Work with all 40 participating businesses in Job Creation strategy.

Financial Considerations: The one year agreement will not exceed \$125,000. Funding for this Agreement is available within the 2016 Budget, Economic Development Fund

Legal Consideration: The business services agreement has been approved as to form by the Law Department.

Recommendations/Actions: It is recommended that the City Council approve the 2016 Business Service Agreement with WIBA and authorize the necessary signatures.

Attachments: Exhibit A: WIBA Business Services Agreement

Exhibit B: WIBA Business Proposal

## **BUSINESS SERVICES AGREEMENT**

THIS CONTRACT entered into this 19th day of January, 2016, by and between the City of Wichita, Kansas, a municipal corporation (hereinafter referred to as CITY), and Wichita Independent Business Association, a Kansas not-for-profit corporation, at 200 E. 1<sup>st</sup> Street, Ste. 101, Wichita, KS 67202 (hereinafter referred to as WIBA).

WITNESSETH THAT:

WHEREAS, the CITY desires to enter into a contract with WIBA for the provision of certain services necessary to implement an economic development program in Wichita and Sedgwick County; and

WHEREAS, the cooperation of the CITY and WIBA is essential for successful implementation of such program;

NOW, THEREFORE, the contracting parties do mutually agree as follows:

SECTION 1. SCOPE OF SERVICES. WIBA, assuming responsibility for the implementation, administration and actual operation of the economic development program herein specified, shall perform services in a satisfactory and proper manner as determined by the CITY and as outlined per Exhibit B.

SECTION 2. TIME OF PERFORMANCE. This contract shall cover services performed or to be performed by WIBA, commencing January 20, 2016 and ending December 31, 2016. The services of WIBA are to commence as soon as practicable on the date of this contract and shall be undertaken and completed in such sequence as to assure their expeditious completion no later than the termination date of the contract. There will be an option to renew the contract under the same terms and conditions for one (1) or two (2) successive one-year periods by mutual agreement of all parties to the contract.

SECTION 3. CONTRACT COMPLIANCE. WIBA agrees to perform contract services in accordance with the provisions of this contract.

SECTION 4. ESTABLISHMENT AND MAINTENANCE OF RECORDS. WIBA shall establish and maintain records as prescribed by the CITY, with respect to all matters covered by this contract. At a minimum, WIBA shall comply with the record retention and custodial requirements set forth in this Section.

A. Record Retention Policy.

WIBA shall retain all records pertinent to this contract, including but not limited to: financial, statistical, property, and participant records and supporting documents, for a period of three (3) years, subject to the qualifications set forth in Paragraph B.

B. Retention Periods.

1. The retention period will begin on the date of submission by WIBA of the final expenditure report, except that WIBA shall retain records for nonexpendable property for a period of three (3) years after final disposition of the property.
2. WIBA must request in writing prior approval from the CITY for the destruction of any records relating to this contract.
3. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the three year period, the records must be retained until

completion of the action and resolution of issues which arise from it, or until the end of the regular three year period, whichever is later.

SECTION 5. ALLOWABLE COSTS. Funds generated under this contract may only be expended for purposes in furtherance of the economic development program specified herein. Adjustments in the authorized expenditure budget included in Exhibit B may be requested by WIBA and will be considered and, if approved by the CITY, transacted in accordance with this contract's SECTION 17. Modification of Contract procedures herein provided. Approval for all such requests should be in writing, with appropriate signatures obtained prior to WIBA incurring any unbudgeted expenditures or obligating unbudgeted funds for such expenditures. The CITY reserves the right to deny reimbursement for unbudgeted expenditures or obligations for which prior written approval has not been obtained.

SECTION 6. DOCUMENTATION OF COSTS. All contract costs shall be supported by documentation evidencing in proper detail the nature and propriety of the charges.

SECTION 7. REPORTS AND INFORMATION. WIBA, at such times and in such forms as the CITY may require, shall furnish to the CITY such statements, records, reports, data, and information as the CITY may request pertaining to matters covered by this contract. All reports, information, data, and other related materials, prepared or assembled by WIBA under this contract, are subject to the requirements applicable to public records as set forth in K.S.A. 45-201 et seq.

SECTION 8. AUDITS AND INSPECTIONS. WIBA shall, as required by the CITY, make available for examination all its records and data pertaining to the performance of this contract for the purpose of making audits, examinations, excerpts, and transcriptions.

SECTION 9. PROCUREMENT STANDARDS. The standards to be used for the procurement of supplies, equipment, and other materials and services with this contract's funds are to be in accordance with procedures set forth in the "Revised Non-Discrimination and Equal Employment Opportunity/Affirmative Action Program Requirements," as provided in Exhibit A attached hereto. Further, the WIBA shall avoid conflicts of interest, real or apparent, by observing the following requirements.

A. Code of Conduct.

WIBA shall maintain a written code or written standards of conduct that will govern the performance of its officers, employees, or agents in contracting with or otherwise procuring supplies, equipment, construction, or services with funds provided pursuant to this contract. These standards shall provide that no officer, employee, or agent shall:

1. Solicit or accept gratuities, favors, or anything of monetary value from suppliers or potential suppliers, including subcontractors; or
2. Participate in the selection, award, or administration of a procurement supported by contract funds subject to this section, where to the individual's knowledge, any of the following has a financial or other substantive interest in any organization which may be considered for award:
  - a) the officer, employee, or agent;
  - b) any member of his or her immediate family;
  - c) his or her partner; or
  - d) a person or organization that employs, or is about to employ, any of the above.

SECTION 10. DISCRIMINATION.

- A. Discrimination Prohibited. No recipient or proposed recipient of any funds, services, or other assistance under the provisions of this contract or any program related to this contract shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with the funds made available through this contract on the grounds of race, color, national origin, ancestry, religion, disability, sex or age.
- B. WIBA further agrees to implement and comply with the "Revised Non-Discrimination and Equal Employment Opportunity/Affirmative Action Program Requirements" as provided in Exhibit A attached hereto.

SECTION 11. COMPLIANCE WITH LOCAL LAWS. All parties shall comply with all applicable laws, ordinances, codes, and regulations of the State of Kansas and local governments.

SECTION 12. ASSIGNABILITY. WIBA shall not assign any interest in this contract without prior written consent of the CITY.

SECTION 13. COPYRIGHTS. If this contract results in a book or other material that may be copyrighted, the author is free to copyright the work, but the CITY reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use all copyrighted material and all material that can be copyrighted.

SECTION 14. POLITICAL ACTIVITY PROHIBITED. None of the funds, materials, property or services provided directly under this contract shall be used for partisan political activity.

SECTION 15. LOBBYING PROHIBITED. None of the funds provided under this contract shall be used for lobbying and/or propaganda purposes designed to support or defeat legislation pending before the Congress of the United States of America, the Legislature of the State of Kansas, or the Wichita City Council.

SECTION 16. PAYMENTS.

- A. Compensation and Method of Payment. Compensation to WIBA relative to conducting the operations of the project activities and services as herein described will be limited to expenditures in the amounts and for the purposes detailed in the budget set forth in Exhibit B attached hereto, and payments will be administered under the established accounting and fiscal policies of the CITY.
- B. Total Payments. Total payments to WIBA will not exceed \$125,000 as cited in the total of Exhibit B, attached.
- C. Restriction on Disbursements. No contract funds shall be disbursed to a subcontractor except pursuant to a written contract that incorporates by reference the general conditions of this contract.
- D. Unearned Payments. Under this contract unearned payments shall be suspended or terminated upon refusal to accept any additional conditions that may be imposed by the CITY at any time, or upon the expiration or other termination of this contract.

SECTION 17. MODIFICATION OF CONTRACT. As a result of additional requirements, or reductions in available funding, the CITY may require modification of this contract. WIBA agrees to accept this contract with the understanding that the contract may be modified. In the event WIBA is unable to comply with the required contract modification the CITY shall be notified by WIBA within 10 days, at which time the CITY may declare this contract canceled and proceed under the contract cancellation provisions herein provided. Further, in the event WIBA is

unable to meet the contractual performance goals (identified as "Tactics" and "Targets" in Exhibit B) and/or its other obligations as specified herein or in any subsequent contract amendment, WIBA may request modification of the contract. Any request for modification of the contract by WIBA must be provided to the CITY in writing and must state the reason(s) and provide justification. Any modifications to this contract shall be in accordance with the following provisions:

- A. To provide necessary flexibility for the most effective execution of this project, subject to B. and C. below, changes to this contract may be effected by placing them in written form and incorporating them into this contract. Approval of any contract modification by the CITY and WIBA must be in writing.
- B. Any line item changes to the approved budget per Exhibit B must be requested and justified in writing. Line item changes exceeding \$25,000 must be presented to and approved by the City Council.
- C. Any financial or programmatic change that would substantially alter the original intent of the contract, shall be subject to prior approval of a written amendment by the City Council and execution of such amendment on the part of all signatories to the original contract.

SECTION 18. CONTRACT CANCELLATION. The City shall conduct a periodic and ongoing evaluation of the adequacy of performance of any or all sections of this contract by WIBA or its subcontractor. In the event of any failure of WIBA to achieve 85% of the scheduled program goals as set forth in Exhibit B, the CITY reserves the right to require replanning or other appropriate action, which may involve reduction or deobligation of funds or cancellation of this contract; however, any of these actions shall not relieve WIBA of the requirement to achieve 100% of the performance goals by the termination date of this agreement.

Cancellation shall be effected by the CITY's notice of cancellation to WIBA, which shall specify the reasons for cancellation and the date upon which such cancellation becomes effective. Upon receipt of notice of cancellation WIBA shall: (1) discontinue further commitments of contract funds; (2) promptly cancel all subcontractors and agreements utilizing funds under this contract; (3) settle with the approval of the CITY all outstanding claims arising from such cancellation; and (4) submit, within a period of time to be specified by the CITY, a cancellation settlement proposal which shall include a final statement of the contract.

SECTION 19. TERMINATION CLAUSE. Upon breach of the contract by WIBA, the CITY, by giving written notification may terminate this contract immediately. A breach shall include, but not be limited to, failure to comply with any or all items contained within Section 1 through 18 or referenced therein, exhibits and/or provisions of any subsequent contractual amendments executed relative to this contract. This contract may also be terminated by mutual agreement of the parties. If contract termination occurs, as a result of factors other than breach of the contract terms by WIBA, the contract cancellation procedure set forth in Sections 18 and 19 of this contract shall take effect.

SECTION 20. ANTI-TRUST LITIGATION. For good cause, and as consideration for executing this contract, WIBA, acting herein by and through its authorized agent, hereby conveys, sells, assigns and transfers to the CITY all right, title, and interest in and to all causes of action it may now or hereafter acquire under the anti-trust laws of the United States and the State of Kansas relating to the particular product, products, or services purchased or acquired by WIBA pursuant to this contract.

SECTION 21. RENEGOTIATION. This contract may be renegotiated in the event additional or alternate sources of funding become available during the term of the contract.

SECTION 28. APPENDICES. All documents or exhibits referenced herein, all amendments or mutually agreed upon modification(s) made and signed by all parties to this contract, and all exhibits referenced below and attached hereto are hereby incorporated in this contract and made a part thereof as though fully set forth herein.

Exhibit B

Revised Non-Discrimination & Equal Employment Opportunity/Affirmative Action Requirements  
Performance Criteria, Contract Objectives

**REVISED NON-DISCRIMINATION AND  
EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION PROGRAM  
REQUIREMENTS STATEMENT FOR CONTRACTS OR AGREEMENTS**

During the term of this contract, the contractor or subcontractor, vendor or supplier of the City, by whatever term identified herein, shall comply with the following Non-Discrimination--Equal Employment Opportunity/Affirmative Action Program Requirements:

- A. During the performance of this contract, the contractor, subcontractor, vendor or supplier of the City, or any of its agencies, shall comply with all the provisions of the Civil Rights Act of 1964, as amended: The Equal Employment Opportunity Act of 1972; Presidential Executive Orders 11246, 11375, 11131; Part 60 of Title 41 of the Code of Federal Regulations; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990 and laws, regulations or amendments as may be promulgated hereunder.
- B. Requirements of the State of Kansas:
  - 1. The contractor shall observe the provisions of the Kansas Act against Discrimination (Kansas Statutes Annotated 44-1001, et seq.) and shall not discriminate against any person in the performance of work under the present contract because of race, religion, color, sex, disability, and age except where age is a bona fide occupational qualification, national origin or ancestry;
  - 2. In all solicitations or advertisements for employees, the contractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase to be approved by the "Kansas Human Rights Commission";
  - 3. If the contractor fails to comply with the manner in which the contractor reports to the "Kansas Human Rights Commission" in accordance with the provisions of K.S.A. 1976 Supp. 44-1031, as amended, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 4. If the contractor is found guilty of a violation of the Kansas Act against Discrimination under a decision or order of the "Kansas Human Rights Commission" which has become final, the contractor shall be deemed to have breached the present contract, and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 5. The contractor shall include the provisions of Paragraphs 1 through 4 inclusive, of this Subsection B, in every subcontract or purchase so that such provisions will be binding upon such subcontractor or vendor.
- C. Requirements of the City of Wichita, Kansas, relating to Non-Discrimination -- Equal Employment Opportunity/Affirmative Action Program Requirements:
  - 1. The vendor, supplier, contractor or subcontractor shall practice Non-Discrimination -- Equal Employment Opportunity in all employment relations, including but not limited to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The vendor, supplier, contractor or subcontractor shall submit an Equal Employment Opportunity or Affirmative Action Program, when required, to the Department of Finance of the City of

Wichita, Kansas, in accordance with the guidelines established for review and evaluation;

2. The vendor, supplier, contractor or subcontractor will, in all solicitations or advertisements for employees placed by or on behalf of the vendor, supplier, contractor or subcontractor, state that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, "disability, and age except where age is a bona fide occupational qualification", national origin or ancestry. In all solicitations or advertisements for employees the vendor, supplier, contractor or subcontractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase;
  3. The vendor, supplier, contractor or subcontractor will furnish all information and reports required by the Department of Finance of said City for the purpose of investigation to ascertain compliance with Non-Discrimination -- Equal Employment Opportunity Requirements. If the vendor, supplier, contractor, or subcontractor fails to comply with the manner in which he/she or it reports to the City in accordance with the provisions hereof, the vendor, supplier, contractor or subcontractor shall be deemed to have breached the present contract, purchase order or agreement and it may be canceled, terminated or suspended in whole or in part by the City or its agency; and further Civil Rights complaints, or investigations may be referred to the State;
  4. The vendor, supplier, contractor or subcontractor shall include the provisions of Subsections 1 through 3 inclusive, of this present section in every subcontract, subpurchase order or subagreement so that such provisions will be binding upon each subcontractor, subvendor or subsupplier.
  5. If the contractor fails to comply with the manner in which the contractor reports to the Department of Finance as stated above, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
- D. Exempted from these requirements are:
1. Those contractors, subcontractors, vendors or suppliers who have less than four (4) employees, whose contracts, purchase orders or agreements cumulatively total less than five thousand dollars (\$5,000) during the fiscal year of said City are exempt from any further Equal Employment Opportunity or Affirmative Action Program submittal.
  2. Those vendors, suppliers, contractors or subcontractors who have already complied with the provisions set forth in this section by reason of holding a contract with the Federal government or contract involving Federal funds; provided that such contractor, subcontractor, vendor or supplier provides written notification of a compliance review and determination of an acceptable compliance posture within a preceding forty-five (45) day period from the Federal agency involved.

## **Economic Development Program Proposal**

**Wednesday, November 25, 2015**

### **Overview**

The WIBA Economic Development Program (hereinafter Program) will be an initiative of the Wichita Independent Business Association, solely administered through WIBA with the assistance of strategic community partners. The goal of the program is to work directly with disadvantaged/emerging/established businesses within the sectors as defined by the South Central Kansas Blueprint for Economic Growth, to increase their capacity for expansion by assisting them when they require additional skilled workers.

### **Strategy 1 – Job Creation**

**Identify businesses in the Wichita area that have pent up demand for additional, skilled workers.**

**Tactic 1** – Contact at least two-hundred (200) businesses via outgoing calls, emails and etc. to set appointments.

**Tactic 2** – Receive incoming calls from at least thirty (30) businesses as a result of marketing campaign.

**Tactic 3** – Schedule at least seventy (70) site visits to participating businesses.

**Tactic 4** – Enroll at least forty (40) companies to participate in the Program.

**Tactic 5** – Assess need for overall quantity of additional, skilled workers (Identified via written, quarterly report).

**Tactic 6** – Assess specific skill areas needed (Identified via written, quarterly report).

**Target – Create at least one-hundred (100) new jobs.**

### **Strategy 2 – Provide Scholarships**

**Identify qualified workers who will receive scholarships to participate in specific training in the identified skill areas required by participating businesses.**

**Tactic 1** – Refer to identified skill areas and quantity of each required by businesses per Strategy 1, Tactics 5 and 6.

**Tactic 2** – Hold at least two (2) job fairs intended to identify individuals to participate in the program.

**Tactic 3** - Receive incoming calls from at least fifty (50) individuals seeking training and employment as a result of marketing campaign.

**Tactic 4** – Identify at least one-hundred (100) individuals to participate in training programs to meet the demands of specific skill areas with the intention of becoming employed by participating businesses.

**Target** – Enroll at least one-hundred (100) participants who will each receive a scholarship to participate in skills training in specific, identified areas of need.

### **Strategy 3 – WIBA to business Mentorship**

**Community Liaison will work with participating businesses to provide assistance in the expansion of their capacity and workforce.**

**Tactic 1** – Community Liaison/Ombudsman will work with participating businesses to ensure the Program objectives are clearly defined and successfully achieved during the course of their participation (Interactions identified and described via written, quarterly report).

**Tactic 2** – Community Liaison/Ombudsman will engage at least fifteen (15) willing WIBA members to assist with mentoring participating businesses.

**Tactic 3** – Community Liaison/Ombudsman will advise participating businesses on other, general matters of concern to their business as they arise (Interactions identified and described via written, quarterly report).

**Tactic 4** – Community Liaison/Ombudsman will refer participating businesses to community partners such as the Small Business Administration and the Kansas Small Business Development Center as the need arises (Referrals identified and described via written, quarterly report).

**Target** – Work with all forty (40) participating businesses referenced in Strategy 1, Tactic 4.

### **Budget**

Job Fairs	\$10,000
Scholarships (100 @ \$500 each)	\$50,000
Salary – Community Liaison/Ombudsman (20 hrs/wk)	\$30,000

Salary – President (see note below)	\$16,250
Administrative – WIBA (10%)	\$12,500
Marketing	\$6,250
<b>Total</b>	<b>\$125,000</b>

**Note:** Current WIBA President will contribute approximately 20% of time due to expansion of responsibilities and duties related to the program.

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Water Treatment Plant Modifications (All Districts)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** ~~Consent~~ **New Business**

---

**Recommendation:** Approve project as a design-build, approve the budget and adopt the resolution.

**Background:** The Water Treatment Plant (WTP) includes two treatment facilities commonly referred to as the Central and East WTP. Both facilities are capable of treating a blend of surface water and groundwater, but neither is configured to treat 100% groundwater. The ability to treat 100% groundwater will be required during upcoming work on the Cheney Reservoir surface water feed line and in the event of an extended drought.

**Analysis:** Testing was conducted to study the feasibility of making plant adjustments to accept 100% groundwater. The study concluded that neither facility can operate solely on groundwater for an extended period of time. The study also concluded that due to basin configuration, capacity and age, the East WTP facility would be best suited to make modifications to treat groundwater.

Modifications to the existing processes, equipment and plant configuration are required in order to maintain an acceptable future level of service and flexibility. The ability to treat 100% groundwater will strengthen the City's drought resilience and allow for recommended repairs and maintenance to the Cheney Reservoir feed line.

Due to the complex nature of the project, staff recommends a design-build approach that includes modifications to existing infrastructure and requirements to provide service continually throughout construction. Design-build benefits include having a contractor as a partner throughout the design process, aiding with determining constructability and exploring construction savings options with staff. The project will be brought back to the City Council at a later date for approval of 30% design plans and a guaranteed maximum price (GMP) before proceeding with construction.

**Financial Considerations:** The 2015-2024 Adopted Capital Improvement Program includes \$25 million to modify the Wichita Water Treatment Plant to accept 100% groundwater from the Equus Beds Aquifer. Staff requests initiation of \$1.4 million of the \$25 million budget at this time to pay for preliminary study and design. Staff will return at a later date to request additional funds for completion of design and construction. If bonds are issued to pay for the project, then there will be an additional 8% included for bond reserves and financing costs.

**Legal Considerations:** The resolution and notice of intent have been reviewed and approved as to form by the Law Department.

**Recommendation/Action:** It is recommended that the City Council approve the project as a design-build, approve the budget, adopt the resolution and authorize the necessary signatures.

**Attachments:** Design-build contractor criteria, resolution, notice of intent and budget sheet.

RESOLUTION NO. \_\_-\_\_

**A RESOLUTION DECLARING IT NECESSARY TO CONSTRUCT, RECONSTRUCT, ALTER, REPAIR, IMPROVE, EXTEND AND ENLARGE THE WATER AND SEWER UTILITY OWNED AND OPERATED BY THE CITY OF WICHITA, KANSAS, TO ISSUE REVENUE BONDS FOR THE PURPOSE OF PAYING CERTAIN COSTS THEREOF, AND PROVIDING FOR THE GIVING OF NOTICE OF SUCH INTENTION IN THE MANNER REQUIRED BY LAW.**

---

**WHEREAS**, the City of Wichita, Kansas (the "City") is a municipal corporation, duly created, organized and existing under the Constitution and laws of the State; and

**WHEREAS**, the City Council of the City (the "Governing Body"), has heretofore by Ordinance No. 39-888, passed May 26, 1987 and published in the official newspaper of the City on May 29, 1987, as required by law, authorized the combining of the City-owned and operated municipal water utility and municipal sewer utility thereby creating the City of Wichita, Kansas Water and Sewer Utility (the "Utility"); and

**WHEREAS**, the City is authorized under the Constitution and laws of the State of Kansas, including K.S.A. 10-1201 *et seq.*, as amended and supplemented by Charter Ordinance No. 211 of the City (collectively, the "Act"), to issue revenue bonds to construct, reconstruct, alter, repair, improve, extend and enlarge the Utility;

**WHEREAS**, the Governing Body hereby finds and determines that it is necessary and advisable to construct, reconstruct, alter, improve, extend and enlarge the Utility in the following manner:

Water Treatment Plant – Upgrading - Replacement

(the "Project") and to provide for the payment of all or a portion of the costs thereof by the issuance of revenue bonds of the City pursuant to the Act; said bonds to be payable from the revenues of the Utility.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS, AS FOLLOWS:**

**Section 1. Project Authorization.** It is hereby authorized, ordered and directed that the Project be acquired, constructed and/or installed in accordance with plans and specifications therefore prepared under the direction of the City Engineer or designate and approved by the Governing Body; said plans and specifications to be placed on file in the offices of the Utility. The estimated cost of the Project, including related design and engineering expenses is \$1,400,000. The Project will not cause duplication of any existing water or sewer utility service furnished by a private utility in the City.

**Section 2. Project Financing.** It is hereby found and determined to be necessary and advisable to issue revenue bonds of the City under the authority of the Act, in an aggregate principal amount not to exceed \$1,512,000 in order to pay all or a portion of the costs of the Project and related reserves, interest on financing and administrative and financing costs (the "Bonds"). The Bonds shall not be general obligations of the City payable from taxation, but shall be payable from the revenues derived from the operations of the Utility. Costs of the Project in excess of the proceeds of the Bonds, if any, shall be paid from unencumbered moneys of the Utility which will be available for that purpose. The Bonds may be issued to reimburse expenditures made on or after the date which is 60 days before the date of this

Resolution, pursuant to Treasury Regulation 1.150-2.

**Section 3. Notice.** Before issuing the Bonds, there shall be published one (1) time in the official newspaper of the City, a notice of the intention of the Governing Body to undertake the Project and to issue the Bonds (the "Notice"); and if within fifteen (15) days after the publication of such Notice, there shall be filed with the City Clerk, a written protest against the Project or the issuance of the Bonds, signed by not less than twenty per cent (20%) of the qualified electors of the City, the Governing Body shall thereupon submit such proposed Project and the Bonds to the electors of the City at a special election to be called for that purpose as provided by the Act. If no sufficient protest is filed with the City Clerk within the period of time hereinbefore stated, then the Governing Body shall have the authority to proceed with the Project and issuance of the Bonds.

**Section 4. Effective Date.** This Resolution shall be in full force and effect from and after its adoption by the Governing Body.

**ADOPTED** by the City Council of the City of Wichita, Kansas, by not less than two-thirds of the members voting in favor thereof, on \_\_\_\_\_.

**NOTICE**

TO: THE RESIDENTS OF THE CITY OF WICHITA, KANSAS

You are hereby notified that the City Council (the "Governing Body") of the City of Wichita, Kansas (the "City"), by Resolution No. \_\_\_\_ - \_\_\_\_, duly adopted \_\_\_\_\_, 2016, has found and determined it to be necessary and declared its intention to construct, reconstruct, alter, improve, extend and enlarge the City of Wichita, Kansas Water and Sewer Utility, which is owned and operated by the City (the "Utility"), in the following manner:

Water Treatment Plant – Upgrading - Replacement

(the "Project") at an estimated cost, including related design and engineering expenses of \$1,400,000.

In order to finance all or a portion of the costs of the Project and related reserves, interest on financing and administrative and financing costs, the Governing Body has further found and determined it to be necessary and declared its intention to issue revenue bonds an aggregate principal amount not to exceed \$1,512,000 under the authority of K.S.A. 10-1201 *et seq.*, as amended and supplemented by Charter Ordinance No. 211 of the City (the "Bonds"). The Bonds shall not be general obligation bonds of the City payable from taxation, but shall be payable only from the revenues derived from the operations of the Utility. Costs of the Project in excess of the proceeds of the Bonds shall be paid from unencumbered moneys of the Utility which will be available for that purpose.

This Notice shall be published one time in the official newspaper of the City; and if, within fifteen (15) days from and after the publication date hereof, there shall be filed in the Office of the City Clerk a written protest against the Project and the issuance of the Bonds, which protest is signed by not less than twenty percent (20%) of the qualified electors of the City, then the question of the Project and the issuance of the Bonds shall be submitted to the electors of the City at a special election which shall be called for that purpose as provided by law. If no sufficient protest to the Project and the issuance of the Bonds is filed within said period, then the Governing Body shall have the authority to proceed with the Project and issuance of the Bonds.

BY ORDER of the Governing Body of the City of Wichita, Kansas, on \_\_\_\_\_.

## Design-Build Contractor Selection Criteria

The Owner to select a Design-Builder on the basis of best value and the other criteria listed below. The Owner's Staff Screening and Selection Committee will evaluate the proposals and select the candidates that will be scheduled for interviews. Final selection of the Design-Builder will be based on both an evaluation of the proposals and the results of the interviews.

The Design-Builder and each firm must be licensed in the State of Kansas for the type of work to be performed. The Designer must include in responsible charge an engineer registered in the State of Kansas.

Each Proposal will be reviewed to determine whether it is responsive to the RFP. Failure to comply with the requirements of the RFP may result in a Proposal being rejected as non-responsive. At its sole discretion, however, the selection Committee may waive any such failure to meet a requirement of this RFP and may request clarification or additional information to remedy a failure.

The selection Committee will evaluate and rank the responsive Proposals using the evaluation criteria set forth below.

- Experience and capabilities
- Project approach
- Design concepts
- EBE/DBE Participation and/or Subcontracting/Joint Ventures

## RESOLUTION NO. 16-021

**A RESOLUTION DECLARING IT NECESSARY TO CONSTRUCT, RECONSTRUCT, ALTER, REPAIR, IMPROVE, EXTEND AND ENLARGE THE WATER AND SEWER UTILITY OWNED AND OPERATED BY THE CITY OF WICHITA, KANSAS, TO ISSUE REVENUE BONDS FOR THE PURPOSE OF PAYING CERTAIN COSTS THEREOF, AND PROVIDING FOR THE GIVING OF NOTICE OF SUCH INTENTION IN THE MANNER REQUIRED BY LAW.**

---

**WHEREAS**, the City of Wichita, Kansas (the “City”) is a municipal corporation, duly created, organized and existing under the Constitution and laws of the State; and

**WHEREAS**, the City Council of the City (the “Governing Body”), has heretofore by Ordinance No. 39-888, passed May 26, 1987 and published in the official newspaper of the City on May 29, 1987, as required by law, authorized the combining of the City-owned and operated municipal water utility and municipal sewer utility thereby creating the City of Wichita, Kansas Water and Sewer Utility (the “Utility”); and

**WHEREAS**, the City is authorized under the Constitution and laws of the State of Kansas, including K.S.A. 10-1201 *et seq.*, as amended and supplemented by Charter Ordinance No. 211 of the City (collectively, the “Act”), to issue revenue bonds to construct, reconstruct, alter, repair, improve, extend and enlarge the Utility;

**WHEREAS**, the Governing Body hereby finds and determines that it is necessary and advisable to construct, reconstruct, alter, improve, extend and enlarge the Utility in the following manner:

### **Water Treatment Plant – Upgrading - Replacement**

(the “Project”) and to provide for the payment of all or a portion of the costs thereof by the issuance of revenue bonds of the City pursuant to the Act; said bonds to be payable from the revenues of the Utility.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS, AS FOLLOWS:**

**Section 1. Project Authorization.** It is hereby authorized, ordered and directed that the Project be acquired, constructed and/or installed in accordance with plans and specifications therefore prepared under the direction of the City Engineer or designate and approved by the Governing Body; said plans and specifications to be placed on file in the offices of the Utility. The estimated cost of the Project, including related design and engineering expenses is **\$1,400,000**. The Project will not cause duplication of any existing water or sewer utility service furnished by a private utility in the City.

**Section 2. Project Financing.** It is hereby found and determined to be necessary and advisable to issue revenue bonds of the City under the authority of the Act, in an aggregate principal amount not to exceed **\$1,512,000** in order to pay all or a portion of the costs of the Project and related reserves, interest on financing and administrative and financing costs (the “Bonds”). The Bonds shall not be general obligations of the City payable from taxation, but shall be payable from the revenues derived from the operations of the Utility. Costs of the Project in excess of the proceeds of the Bonds, if any, shall be paid from unencumbered moneys of the Utility which will be available for that purpose. The Bonds may be issued to reimburse expenditures made on or after the date which is 60 days before the date of this

Resolution, pursuant to Treasury Regulation 1.150-2.

**Section 3. Notice.** Before issuing the Bonds, there shall be published one (1) time in the official newspaper of the City, a notice of the intention of the Governing Body to undertake the Project and to issue the Bonds (the “Notice”); and if within fifteen (15) days after the publication of such Notice, there shall be filed with the City Clerk, a written protest against the Project or the issuance of the Bonds, signed by not less than twenty per cent (20%) of the qualified electors of the City, the Governing Body shall thereupon submit such proposed Project and the Bonds to the electors of the City at a special election to be called for that purpose as provided by the Act. If no sufficient protest is filed with the City Clerk within the period of time hereinbefore stated, then the Governing Body shall have the authority to proceed with the Project and issuance of the Bonds.

**Section 4. Effective Date.** This Resolution shall be in full force and effect from and after its adoption by the Governing Body.

**ADOPTED** by the City Council of the City of Wichita, Kansas, by not less than two-thirds of the members voting in favor thereof, on January 19, 2016.

EXHIBIT \_\_\_\_\_

City of Wichita  
City Council Meeting  
January 19, 2016

**TO:** Mayor and City Council

**SUBJECT:** Design Agreement for Paving Improvements to Estancia Addition (District V)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** Consent

---

**Recommendation:** Approve the design agreement.

**Background:** On September 15, 2015, the City Council approved a petition for paving improvements to serve Estancia addition, located east of Ridge Road, north of 37<sup>th</sup> Street North.

**Analysis:** The proposed design agreement between the City and MKEC Engineering, Inc., provides for design of the improvements. In accordance with Administrative Regulation 1.10, MKEC Engineering, Inc. is an engineering consultant upon whom the City and developer mutually agree for this work, and, as this firm provided the preliminary engineering services for the platting of the subdivision, can expedite plan preparation.

**Financial Considerations:** The design fee for the improvements is \$54,250. Funding is available within the existing budget, approved by the City Council on September 15, 2015, and is 100% funded by special assessments.

**Legal Considerations:** The design agreement has been reviewed and approved as to form by the Law Department.

**Recommendation/Action:** It is recommended that the City Council approve the design agreement and authorize the necessary signatures.

**Attachment:** Design agreement.

AGREEMENT

for

PROFESSIONAL SERVICES

between

THE CITY OF WICHITA, KANSAS

and

MKEC ENGINEERING, INC.

for

ESTANCIA ADDITION, PHASE 1

THIS AGREEMENT, made this \_\_\_\_\_ day of \_\_\_\_\_, 2016, by and between the CITY OF WICHITA, KANSAS, party of the first part, hereinafter called the "CITY" and MKEC ENGINEERING, INC., party of the second part, hereinafter called the "ENGINEER".

WHEREAS, the CITY intends to construct;

**ESTANCIA COURT, MIRABELLA LANE, POPPY CIRCLE** to serve Estancia Addition, Phase 1 (east of Ridge Road, north of 37<sup>th</sup> Street North) (Project No. 472-85243\_766355).

NOW, THEREFORE, the parties hereto do mutually agree as follows:

I. SCOPE OF SERVICES

The ENGINEER shall furnish professional services as required for designing paving improvements for Estancia Addition, Phase 1, and to perform the project tasks outlined in the SCOPE OF SERVICES (Exhibit "A").

II. IN ADDITION, THE ENGINEER AGREES

- A. To provide the various technical and professional services, equipment, material and transportation to perform the tasks as outlined in Exhibit "A".
- B. To attend meetings with the City and other local, state and federal agencies as necessitated by the SCOPE OF SERVICES.
- C. To make available during regular office hours, all calculations, sketches and drawings such as the CITY may wish to examine periodically during performance of this agreement.
- D. To save and hold CITY harmless against all suits, claims, damages and losses for injuries to persons or property arising from or caused by errors, omissions or negligent acts of ENGINEER, its agents, servants, employees, or subcontractors occurring in the performance of its services under this agreement.

- E. To maintain books, documents, papers, accounting records and other evidence pertaining to costs incurred by ENGINEER and, where relevant to method of payment, to make such material available to the CITY.
- F. To comply with all Federal, State and local laws, ordinances and regulations applicable to the work, including Title VI of the Civil Rights Act of 1964, and to comply with the CITY'S Affirmative Action Program as set forth in Exhibit "B" which is attached hereto and adopted by reference as though fully set forth herein.
- G. To accept compensation for the work herein described in such amounts and at such periods as provided in Article IV and that such compensation shall be satisfactory and sufficient payment for all work performed, equipment or materials used and services rendered in connection with such work.
- H. The ENGINEER agrees to complete and deliver the field notes, preliminary and final plans (including final tracings), specifications and estimates to the CITY within the time allotted for the project as stipulated below; EXCEPT that the ENGINEER shall not be responsible or held liable for delays occasioned by the actions or inactions of the CITY or other agencies, or for other unavoidable delays beyond the control of the ENGINEER.
- I. Covenants and represents to be responsible for the professional and technical accuracies and the coordination of all designs, drawings, specifications, plans and/or other work or material furnished by the ENGINEER under this agreement. ENGINEER further agrees, covenants and represents, that all designs, drawings, specifications, plans, and other work or material furnished by ENGINEER, its agents, employees and subcontractors, under this agreement, including any additions, alterations or amendments thereof, shall be free from negligent errors or omissions.
- J. ENGINEER shall procure and maintain such insurance as will protect the ENGINEER from damages resulting from the negligent acts of the ENGINEER, its agents, officers, employees and subcontractors in the performance of the professional services rendered under this agreement. Such policy of insurance shall be in an amount not less than \$500,000.00 subject to a deductible of \$10,000.00. In addition, a Workman's Compensation and Employer's Liability Policy shall be procured and maintained. This policy shall include an "all state" endorsement. Said insurance policy shall also cover claims for injury, disease or death of employees arising out of and in the course of their employment, which, for any reason, may not fall within the provisions of the Workman's Compensation Law. The liability limit shall be not less than:

Workman's Compensation - Statutory  
Employer's Liability - \$500,000 each occurrence.

Further, a comprehensive general liability policy shall be procured and maintained by the ENGINEER that shall be written in a comprehensive form and shall protect ENGINEER against all claims arising from injuries to persons (other than ENGINEER'S employees) or damage to property of the CITY or others arising out of any negligent act or omission of ENGINEER, its agents, officers, employees or subcontractors in the performance of the professional services under this agreement. The liability limit shall not be less than \$500,000.00 per occurrence for bodily injury, death and property damage. Satisfactory Certificates of Insurance shall be filed with the CITY prior to the time ENGINEER starts any work under this agreement. In addition, insurance policies applicable hereto shall contain a provision that provides that the CITY shall be given thirty (30) days written notice by the insurance company before such policy is substantially changed or canceled.

- K. To designate a Project Manager for the coordination of the work that this agreement requires to be performed. The ENGINEER agrees to advise the CITY, in writing, of the person(s) designated as Project Manager not later than five (5) days following issuance of the notice to proceed on the work required by this agreement. The ENGINEER shall also advise the CITY of any changes in the person designated Project Manager. Written notification shall be provided to the CITY for any changes exceeding one week in length of time.

### III. THE CITY AGREES:

- A. To furnish all available data pertaining to the project now in the CITY'S files at no cost to the ENGINEER. Confidential materials so furnished will be kept confidential by the ENGINEER.
- B. To provide standards as required for the project; however, reproduction costs are the responsibility of the ENGINEER, except as specified in Exhibit "A".
- C. To pay the ENGINEER for his services in accordance with the requirements of this agreement.

- D. To provide the right-of-entry for ENGINEER'S personnel in performing field surveys and inspections.
- E. To designate a Project Manager for the coordination of the work that this agreement requires to be performed. The CITY agrees to advise, the ENGINEER, in writing, of the person(s) designated as Project Manager with the issuance of the notice to proceed on the work required by this agreement. The CITY shall also advise the ENGINEER of any changes in the person(s) designated Project Manager. Written notification shall be provided to the ENGINEER for any changes exceeding one week in length of time.
- F. To examine all studies, reports, sketches, drawings, specifications, proposals and other documents presented by ENGINEER in a timely fashion.

IV. PAYMENT PROVISIONS

- A. Payment to the ENGINEER for the performance of the professional services required by this agreement shall be made on the basis of the not to exceed fee amount specified below:

**Project No. 472-85243                      \$ 54,250.00**

- B. When requested by the CITY, the ENGINEER will enter into a Supplemental Agreement for additional services related to the project such as, but not limited to:
  - 1. Consultant or witness for the CITY in any litigation, administrative hearing, or other legal proceedings related to the project.
  - 2. Additional design services not covered by the scope of this agreement.
  - 3. Construction staking, material testing, inspection and administration related to the project.
  - 4. A major change in the scope of services for the project.
 If additional work should be necessary, the ENGINEER will be given written notice by the CITY along with a request for an estimate of the increase necessary in the not-to-exceed fee for performance of such additions. No additional work shall be performed nor shall additional compensation be paid except on the basis of a Supplemental Agreement duly entered into by the parties.

V. THE PARTIES HERETO MUTUALLY AGREE:

- A. That the right is reserved to the CITY to terminate this agreement at any time, upon written notice, in the event the project is to be abandoned or indefinitely postponed, or because of the ENGINEER'S inability to proceed with the work.
- B. That the field notes and other pertinent drawings and documents pertaining to the project shall become the property of the CITY upon completion or termination of the ENGINEER'S services in accordance with this agreement; and there shall be no restriction or limitation on their further use by the CITY. Provided, however, that CITY shall hold ENGINEER harmless from any and all claims, damages or causes of action which arise out of such further use when such further use is not in connection with the project.
- C. That the services to be performed by the ENGINEER under the terms of this agreement are personal and cannot be assigned, sublet or transferred without specific consent of the CITY.
- D. In the event of unavoidable delays in the progress of the work contemplated by this agreement, reasonable extensions in the time allotted for the work will be granted by the CITY, provided, however, that the ENGINEER shall request extensions, in writing, giving the reasons therefor.
- E. It is further agreed that this agreement and all contracts entered into under the provisions of this agreement shall be binding upon the parties hereto and their successors and assigns.
- F. Neither the CITY'S review, approval or acceptance of, nor payment for, any of the work or services required to be performed by the ENGINEER under this agreement shall be construed to operate as a waiver of any right under this agreement or any cause of action arising out of the performance of this agreement.
- G. The rights and remedies of the CITY provided for under this agreement are in addition to any other rights and remedies provided by law.
- H. It is specifically agreed between the parties executing this agreement, that it is not intended by any of the provisions of any part of this agreement to create the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this agreement to maintain a suit for damages pursuant to the terms or provisions of this agreement.

IN WITNESS WHEREOF, the CITY and the ENGINEER have executed this agreement as of the date first written above.

## EXHIBIT "A"

### SCOPE OF SERVICES

Estancia Addition, Phase 1  
(east of Ridge Road, north of 37<sup>th</sup> Street North)  
(Project No. 472-85243\_766355)

The ENGINEER shall furnish engineering services as required for the development of plans, supplemental specifications and estimates of the quantities of work for the PROJECT in the format and detail required by the City Engineer for the City of Wichita. Engineering plans shall be prepared per Attachment No. 1 to Exhibit "A".

In connection with the services to be provided, the ENGINEER shall:

When authorized by the CITY, proceed with development of Plans for the PROJECT based on the preliminary design concepts approved by the CITY.

1. Field Surveys. Provide engineering and technical personnel and equipment to obtain survey data as required for the engineering design. Utility companies shall be requested to flag or otherwise locate their facilities within the project limits prior to the ENGINEER conducting the field survey for the project. Utility information shall be clearly noted and identified on the plans.
2. Storm Water Pollution Prevention. On projects that disturb one acre or more, the ENGINEER will prepare a storm water pollution prevention plan, prepare the necessary permit application(s) and include any provisions or requirements in the project plans and special provisions. The storm water pollution prevention plan shall also include submittal of a Notice of Intent (NOI) prior to bidding; site-specific erosion control plan; and standard Best Management Practice (BMP) detail sheets per Attachment No. 1 to Exhibit "A".
3. Soils and Foundation Investigations. The CITY may authorize ENGINEER to direct an approved Testing Laboratory to perform subsurface borings and soils investigations for the PROJECT, which shall be reported in the format and detail required by the City Engineer for the City of Wichita. The Testing Laboratory shall be responsible for the accuracy and competence of their work. The ENGINEER'S contract with the Testing Laboratory shall provide that the Testing Laboratory is responsible to the City for the accuracy and competence of the Testing Laboratory's work. If required the cost of soils and boring investigations shall be prepared as a supplemental agreement between City of Wichita and the ENGINEER. This may be required for bridges, structures, retaining walls and other locations.
4. Review Preliminary Design Concepts. Submit preliminary design concepts for review with the City Engineer or his designated representative prior to progressing to detail aspects of the work unless waived by the City Engineer.
5. Drainage Study. When applicable, conduct a detailed study to explore alternative design concepts concerning drainage for the project. Present the findings in writing identifying recommendations to the CITY, including preliminary cost estimates, prior to development of final check plans. Such written findings and recommendations must be in a format which is self explanatory and readily understood by persons with average backgrounds for the technology involved.
6. Plans & Specifications. Prepare engineering plans, plan quantities and supplemental specifications as required. Pay items of work shall conform to the CITY's Master Bid Item List. Engineering plans will include incidental drainage where required and permanent traffic signing. The project's plans and proposed special provisions shall address the requirements included in the City's Administrative Regulations 6.5, "Cleanup, Restoration or Replacement Following Construction." Also, final plans, field notes and other pertinent project mapping records are to be submitted per Attachment No. 1 to Exhibit "A". The files are to be AutoCAD drawing files or DXF/DXB files. Layering, text fonts, etc. are to be reviewed and approved during the preliminary concept development phase of the design work. Text fonts other than standard AutoCAD files are to be included with drawing files. In addition to supplying the electronic files of the AutoCAD drawing files of the final plans, ENGINEER will also need to supply electronic files of the drawings in PDF format.
7. Landscaping. Where landscaping may be required along arterial streets, ENGINEER should use plant material that is drought resistant and requires low maintenance in a xeriscape concept, and is consistent with the City of Wichita Landscape Policy for Arterial Streets. A landscape architect should be included on the Consultants' Design Team.
8. Property Acquisition. Prepare right-of-way/easement tract maps and descriptions as required in clearly drawn detail and with sufficient reference to certificate of title descriptions. ENGINEER will perform all

necessary survey work associated with marking the additional right-of-way or easements. This shall include the setting monuments of new corners for any additional right-of-way and a one time marking of the right-of-way for utility relocations. **The ENGINEER shall perform all necessary title work and sufficient research for determination of current right-of-way and easements.**

9. Utility Coordination. Identify all potential utility conflicts and provide preliminary field check plans showing the problem locations, posted to the City's FTP site. **Plans will clearly identify specific utility company facilities by color and by name (i.e. not just "gas" or "fiber optic").** ENGINEER shall include a conflict list for each utility, also posted to the FTP site. ENGINEER shall meet with utility company representatives to review plans and utility verification forms (**Attachment No. 3 to Exhibit "A"**) at each milestone date and as directed by the CITY and as determined necessary by the ENGINEER. This information will be compiled into a summary report (**Attachment No. 4 to Exhibit "A", also available on the City's FTP site**) maintained and updated by ENGINEER as necessary to present a cohesive and reflective status of utilities, and provided to the City as necessary. **ENGINEER shall maintain involvement with utility companies until all conflicts have been resolved (not just identified).** When appropriate, the City Engineer will approve the identification on plans of conflicts to be resolved during construction. ENGINEER shall meet with involved utility company/ies and project contractor to resolve any conflicts with utilities that occur during construction.
10. Staking Information. All applicable coordinate control points and related project staking information shall be furnished on a map on the plans, as well on CD-ROM, as a text file, along with the project PDF's. This coordinate information will be used by the CITY for construction staking purposes. See **Attachment No. 2 to Exhibit "A"** for required coordinate information.
11. Shop Drawings. All shop drawings submitted by the contractor for the project shall be reviewed and, when acceptable, approved for construction by the ENGINEER for the project.
12. Public Meeting. The ENGINEER shall meet with effected property owners, along with City staff, at a pre-construction Public Information Meeting, as arranged by the City, to explain project design, including such issues as construction phasing and traffic control.
13. New Right-of-Way Monumentation. The ENGINEER shall complete permanent monumentation of all new right-of-way, and complete and submit all necessary legal documentation for same.
14. Section Corner Monuments. The Engineer shall provide services required by KSA Chapter 58, Article 20, Statute 58-2011, any time a section corner or monument will be endangered, disturbed, or removed. The City of Wichita Construction Engineer will receive a copy of all Land Survey Reference Reports submitted to the Secretary of State Historical Society. All costs associated with this effort shall be the responsibility of the Engineer. The City will provide a three business day notice to the Engineer to mark the monument location for re-establishment after pavement work is completed. The City will then core and install a cast iron monument box and cover. The Engineer will be notified within three business days after the box is installed to reset the final monument.
15. Permits. The ENGINEER shall prepare any and all necessary permits for this project, such as the preparation of applications for U.S. Army Corps of Engineers (404) permits, Division of Water Resources permit, Kansas Department of Wildlife and Parks permit and Kansas Department of Health and Environment permit. Also if requested by the CITY, obtain construction approval from the U.S. Army Corps of Engineers and assist the CITY in coordinating the archaeological review of the PROJECT. **The ENGINEER shall be responsible for the cost of all permit fees that are required to complete the PROJECT. The cost shall be included in the design fee submitted by the ENGINEER.**
16. Project Milestones. The ENGINEER agrees to complete and deliver the field notes, preliminary and final plans, specifications and estimates to the CITY within the time allotted for the project as stipulated below; EXCEPT that the ENGINEER shall not be responsible or held liable for delays occasioned by the actions or inactions of the CITY or other agencies, or for other unavoidable delays beyond the control of the ENGINEER.

**Field Check Plans and an estimate for the project due by N/A.**

**Office Check Plans and an estimate for the project due by January, 2016.**

**Completion of all work required by this agreement (including submittal of final approved plans, field notes, and related project documents by February, 2016.**

## **Attachment No. 1 to Exhibit “A” – Scope of Services**

### **Plan Submittal**

*Water* projects plans shall be submitted with (1) set of mylar plans; and a CD of the .dwgs and .pdfs. This includes projects that have the water plans incorporated into that project, for which the cover sheet should also be included.

Storm Sewer, Sanitary Sewer and Paving plans shall be submitted in a .dwg and .pdf format on a CD.

In addition, two (2) sets of 11”x17” plans will be submitted at the time of final .pdf submittal for ALL projects, regardless of the type.

### **Storm Water Pollution Prevention**

For any project disturbing one acre of ground or more, the design Consultant must prepare a Notice of Intent and a Storm Water Pollution Prevention Plan and submit them to the KDHE for approval. Complete copies of the approved NOI and SWP3 must be provided to the City, prior to bidding. One hard copy should be provided to the project engineer upon approval, one electronic copy should be included with your transmittal of PDF plan files, and one additional electronic copy should be sent to the attention of Mark Hall at the following address:

City of Wichita  
Storm Water Division  
455 N. Main 8<sup>th</sup> Floor  
Wichita, KS 67202

THIS INCLUDES ALL PROJECTS DISTURBING ONE ACRE OR MORE – I.E. NEW DEVELOPMENT, ARTERIAL STREETS, DIRT STREETS, BIKE PATHS, SEWER MAINS, ETC.

The City of Wichita will, under no circumstance, bid any project without first receiving copies of the KDHE approved NOI and SWP3.

The design of all City of Wichita construction projects must also include the development of a site-specific erosion control plan. The site-specific erosion control plan must be included in the project plans. Every component and requirement of the erosion control plan must be separately and accurately accounted as a measured quantity bid item in the engineer’s estimate. Bidding erosion control as “1 LS” is not allowed.

Please note that careful consideration must be given to the transition of BMP maintenance responsibilities throughout the course of multi-phased projects. All intended responsibilities must be clearly demonstrated by the bid items. For example, if it is intended that the contractor of a subsequent waterline project be responsible for the maintenance of silt fence installed with a preceding sanitary sewer project, a measured quantity bid item must be submitted for x-lf of silt fence maintenance.

The City’s current BMP standard detail sheets shall be included in all plans. These five sheets must be included in every plan set developed for the City of Wichita, regardless of project size.

## **Attachment No. 2 to Exhibit “A” – CIP Scope of Services**

### **Required Plan Coordinate Information**

#### **Arterial Street Projects & Infill (Existing Neighborhoods)**

##### **I. SANITARY SEWER**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all possible control as established or attained during preliminary survey, including but not limited to – section corners, property irons, intersection center-center irons, other set monuments
- benchmarks, including TBM set with preliminary survey
- center of manholes
- end of manhole stubs (when longer than five feet)

##### **II. WATER LINE**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all possible control as established or attained during preliminary survey, including but not limited to – section corners, property irons, intersection center-center irons, other set monuments; any necessary points for establishing BL, including P.I.'s in BL
- benchmarks, including TBM set with preliminary survey
- beginning and ends of pipe
- all P.I.'s/deflections (horizontal and vertical)
- FH's, tees, bends, air release, valves

##### **III. STORM SEWER**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all possible control as established or attained during preliminary survey, including but not limited to – section corners, property irons, intersection center-center irons, other set monuments; any necessary points for establishing BL, including P.I.'s in BL
- benchmarks, including TBM set with preliminary survey
- center of inside face on Type 1/1A curb inlets; center of high edge on Type 2 curb inlets
- for skewed inlets typically in intersection radii, or not parallel to baseline – center of curb inlet AND center of inside face on Type 1/1A curb inlets; center of high edge on Type 2 curb inlets
- end of end section, at CL of pipe
- center, end of pipe at outside face of headwall; if headwall not perpendicular to pipe, each corner of headwall at outside face
- center of all drop inlets, manholes, and other structures
- center of RCBC at each end (outside face of hubguard); if box rotated, each corner, outside face

##### **IV. PAVING**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all possible control as established or attained during preliminary survey, including but not limited to – section corners, property irons, intersection center-center irons, other set monuments; any necessary points for establishing BL, including P.I.'s in BL
- benchmarks, including TBM set with preliminary survey
- center of signal poles, service and junction boxes, controller, etc.; ends and P.I.'s for retaining walls, at back of walls

**THE SAME COORDINATE SYSTEM SHALL BE USED FOR ALL SEPARATE PHASES OF A LARGER INFILL OR ARTERIAL STREET PROJECT.**

## **Sub-Division Projects**

### **I. SANITARY SEWER**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all platted control irons (set or not), including plat boundary irons, for the entire sub-division, not just the current phase
- benchmarks, including TBM set with preliminary survey
- center of manholes
- back and/or front lot corners for specifically referenced easement grading, outside that included in mass grading projects; include coordinates for vertical P.I. locations not at lot corners
- end of manhole stubs (when longer than five feet)

### **II. WATER DISTRIBUTION SYSTEM**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all platted control irons (set or not), including plat boundary irons, for the entire sub-division, not just the current phase
- benchmarks, including TBM set with preliminary survey
- beginning and ends of pipe
- all P.I.'s/deflections (horizontal and vertical)
- FH's, tees, bends, air release, valves

### **III. WATER SUPPLY LINE**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all possible control as established or attained during preliminary survey, including but not limited to – section corners, property irons, intersection center-center irons, other set monuments; any necessary points for establishing BL, including P.I.'s in BL
- benchmarks, including TBM set with preliminary survey
- beginning and ends of pipe
- all P.I.'s/deflections (horizontal and vertical)
- FH's, tees, bends, air release, valves

### **IV. STORM SEWER**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all platted control irons (set or not), including plat boundary irons, for the entire sub-division, not just the current phase
- benchmarks, including TBM set with preliminary survey
- center of inside face on Type 1/1A curb inlets; center of high edge on Type 2 curb inlets
- for skewed inlets typically in intersection radii, or not parallel to baseline – center of curb inlet **AND** center of inside face on Type 1/1A curb inlets; center of high edge on Type 2 curb inlets
- end of end section, at CL of pipe
- center, end of pipe at outside face of headwall; if headwall not perpendicular to pipe, each corner of headwall at outside face
- center of all drop inlets, manholes, and other structures
- center of RCBC at each end (outside face of hubguard); if box rotated, each corner, outside face

### **V. MASS GRADING**

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all platted control irons (set or not), including plat boundary irons, for the entire sub-division, not just the current phase
- benchmarks, including TBM set with preliminary survey
- all lot corners

- any grade breaks between front & rear lot corners
- high points/low points within drainage easements
- street area
  - centerline @ 100' Sta on tangent sections
  - pc/pt points & 50' along curves
- special drainage swales
  - pc/pt points, pi's & 50' Sta in between
- ponds
  - any grades breaks between pond bottom and rear property line
  - pc/mid radius/pt around pond curves
- for irregular shaped lots (mainly commercial or industrial developments) provide TIN file

## VI. PAVING

Provide a standard bubble map, as part of the plans, showing locations of numbered points, and a table with point number, northing and easting coordinates, description, and BL station for each point, for the following:

- all platted control irons (set or not), including plat boundary irons, for the entire sub-division, not just the current phase
- benchmarks, including TBM set with preliminary survey

**In addition to the required coordinate information, the following shall be included in all plans, at a minimum, as needed for construction staking on all City projects.**

- Include copy of plat(s) on all plans, as relevant and approved by the Design Engineer
- Benchmarks – minimum of two City standards, four total desirable; as close to project as possible, even if TBM set with preliminary survey.
- Benchmark elevations must be in the same datum as the design (i.e. NAV 88 design needs NAV 88 benchmarks, not NAV 29)
- All control irons/identified property irons shall be shown on plans, with BL stationing and offset
- Show deflection angles in BL, and/or bearing/azimuth of BL sections
- Arterial project side streets – provide BL station at CL of intersection of the two streets, on the BL; BL station and offset to CL of side street at removal limits; include deflection angle from BL to CL of side street
- Existing FL/pavement grades shown at all match points
- Top of curb grades and stationing at all ends-of-return and horizontal/vertical P.I.'s, not just even stationing
- CL top of pavement grades for arterial
- CL elevation for streets on mass grading work @ 100' Sta in tangent sections and 50' on curves.
- **ELEVATION SHALL BE TO TOP OF ROCK BASE.**
- BL station and offset at all R/W changes; include R/W corners at all intersections, even if no change in R/W
- Clearly show existing grades at R/W and beyond; identify removal limits beyond R/W (for grade purposes) with BL station and offset, or dimension from R/W
- Show offset distance between BL and proposed street CL when not the same; establish clear relationship between the two
- BL station and offset to center of signal poles, service and junction boxes, controllers, etc.
- BL station and offset to back of retaining walls, at ends of walls and all P.I.'s
- Concrete pavement – provide detailed joint pattern, dimensions, and elevations for all valley gutters, intersections, and mainline pavement; should be separate plan sheet(s) with clear and project-specific details
- Storm Sewer – BL station and offset for all curb inlets, drop inlets, manholes, and other structures (to the coordinate point locations detailed in previous sheets); same for SS and WL – pertinent facilities should be referenced to BL station and offset
- Sanitary Sewer – show deflection angles between MH's
- Flow line elevations for manhole stubs
- Curve Tables – should include bends, tees, valves, FH's etc. for waterlines; ends-of-return, P.I.'s, etc. for paving
- Should be able to accurately scale off of plans

## **EXHIBIT "B"**

### **REVISED NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION PROGRAM REQUIREMENTS STATEMENT FOR CONTRACTS OR AGREEMENTS**

During the term of this agreement, the contractor or subcontractor, vendor or supplier of the City, by whatever term identified herein, shall comply with the following Non-Discrimination--Equal Employment Opportunity/Affirmative Action Program Requirements:

- A. During the performance of this agreement, the contractor, subcontractor, vendor or supplier of the City, or any of its agencies, shall comply with all the provisions of the Civil Rights Act of 1964, as amended: The Equal Employment Opportunity Act of 1972; Presidential Executive Orders 11246, 11375, 11131; Part 60 of Title 41 of the Code of Federal Regulations; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990 and laws, regulations or amendments as may be promulgated thereunder.
- B. Requirements of the State of Kansas:
  - 1. The contractor shall observe the provisions of the Kansas Act against Discrimination (Kansas Statutes Annotated 44-1001, et seq.) and shall not discriminate against any person in the performance of work under the present contract because of race, religion, color, sex, disability, and age except where age is a bona fide occupational qualification, national origin or ancestry;
  - 2. In all solicitations or advertisements for employees, the contractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase to be approved by the "Kansas Human Rights Commission";
  - 3. If the contractor fails to comply with the manner in which the contractor reports to the "Kansas Human Rights Commission" in accordance with the provisions of K.S.A. 1976 Supp. 44-1031, as amended, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 4. If the contractor is found guilty of a violation of the Kansas Act against Discrimination under a decision or order of the "Kansas Human Rights Commission" which has become final, the contractor shall be deemed to have breached the present contract, and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 5. The contractor shall include the provisions of Paragraphs 1 through 4 inclusive, of this Subsection B, in every subcontract or purchase so that such provisions will be binding upon such subcontractor or vendor.
- C. Requirements of the City of Wichita, Kansas, relating to Non-Discrimination -- Equal Employment Opportunity/Affirmative Action Program Requirements:
  - 1. The vendor, supplier, contractor or subcontractor shall practice Non-Discrimination -- Equal Employment Opportunity in all employment relations, including but not limited to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The vendor, supplier, contractor or subcontractor shall submit an Equal Employment Opportunity or Affirmative Action Program, when required, to the Department of Finance of the City of Wichita, Kansas, in accordance with the guidelines established for review and evaluation;
  - 2. The vendor, supplier, contractor or subcontractor will, in all solicitations or advertisements for employees placed by or on behalf of the vendor, supplier, contractor or subcontractor, state that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, "disability, and age except where age is a bona fide occupational qualification", national origin or ancestry. In all solicitations or advertisements for employees the vendor, supplier, contractor or subcontractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase;
  - 3. The vendor, supplier, contractor or subcontractor will furnish all information and reports required by the Department of Finance of said City for the purpose of investigation to ascertain compliance with Non-Discrimination -- Equal Employment Opportunity Requirements. If the vendor, supplier, contractor, or subcontractor fails to comply with the manner in which he/she or it reports to the City

in accordance with the provisions hereof, the vendor, supplier, contractor or subcontractor shall be deemed to have breached the present contract, purchase order or agreement and it may be canceled, terminated or suspended in whole or in part by the City or its agency; and further Civil Rights complaints, or investigations may be referred to the State;

4. The vendor, supplier, contractor or subcontractor shall include the provisions of Subsections 1 through 3 inclusive, of this present section in every subcontract, subpurchase order or subagreement so that such provisions will be binding upon each subcontractor, subvendor or subsupplier.
5. If the contractor fails to comply with the manner in which the contractor reports to the Department of Finance as stated above, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;

D. Exempted from these requirements are:

1. Those contractors, subcontractors, vendors or suppliers who have less than four (4) employees, whose contracts, purchase orders or agreements cumulatively total less than five thousand dollars (\$5,000) during the fiscal year of said City are exempt from any further Equal Employment Opportunity or Affirmative Action Program submittal.
2. Those vendors, suppliers, contractors or subcontractors who have already complied with the provisions set forth in this section by reason of holding a contract with the Federal government or contract involving Federal funds; provided that such contractor, subcontractor, vendor or supplier provides written notification of a compliance review and determination of an acceptable compliance posture within a preceding forty-five (45) day period from the Federal agency involved.

City of Wichita  
City Council Meeting  
January 19, 2016

**TO:** Mayor and City Council

**SUBJECT:** Partial Acquisition of Land at 4721 E. Vesta for the 17<sup>th</sup> Street and Oliver Intersection Project. (District I)

**INITIATED BY:** Office of Property Management

**AGENDA:** Consent

---

**Recommendation:** Approve the acquisition.

**Background:** On August 18, 2015, the City Council approved the 17<sup>th</sup> Street and Oliver Intersection Project. Turn lanes will be added, traffic signals will be upgraded, the storm water drainage system will be updated, and new sidewalks will be installed. The improvements to the 17<sup>th</sup> Street and Oliver Intersection Project will align with the improvements to Oliver and the 21<sup>st</sup> Street and Oliver Intersection Project. The property at the southwest corner of Vesta and Oliver is identified as 4721 E. Vesta. This property is improved with a single family residence. The road project requires a 15 square foot corner clip from the northeastern portion of the property closet to the intersection. There is no impact to the remainder of the property.

**Analysis:** The proposed 15-square-foot taking was valued at \$15, or \$1 per square foot. An established minimum offer amount of \$100 was offered to the owner. The owner agreed to convey the land for \$100.

**Financial Considerations:** The funding source for the project is general obligation bonds. A budget of \$275 is requested. This amount is comprised of \$100 for acquisition and \$175 for title work and other administrative fees.

**Legal Considerations:** The Law Department has approved the quit claim deed as to form.

**Recommendation/Action:** It is recommended that the City Council approve the acquisition, authorize the budget request, and authorize all necessary signatures.

**Attachments:** Quit Claim Deed and tract map.

## QUIT CLAIM DEED

NO SALES VALIDATION REQUIRED KSA 79-1437e (a) (13)

THIS DEED, Made this day of JANUARY, 2016, between Tina P. Nguyen, of the first part, and the City of Wichita, Kansas, a municipal corporation, of the second part,

WITNESSETH, That party of the first part, in consideration of the sum of One Hundred Dollars and Other Valuable Considerations, the receipt of which is hereby acknowledged, does by these presents convey and quit claim any interest of the below described property unto said party of the second part, it's successors and assigns, all the following-described real estate situated in the County of Sedgwick and the State of Kansas, to wit:

Beginning at the Northeast corner of Lot 14, Block 2, Ken-Mar Addition to Wichita, Sedgwick County, Kansas; thence South, along the East line of said Lot 14, a distance of 15 feet; thence Northwesterly for a distance of 14.78 feet to a point on the North line of said Lot 14; thence Easterly, along said North line, a distance of 2 feet to the point of beginning

TO HAVE AND TO HOLD THE SAME, Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining, forever.

IN WITNESS WHEREOF, party of the first part has hereunto subscribed its name, the day and year first above written.

  
Tina P. Nguyen

STATE OF KANSAS            )ss:  
COUNTY OF SEDWICK    )

On this day of JANUARY 4th, 2016, before me, a notary public in and for said county and state, personally appeared Tina P. Nguyen, to me known to be the person(s) named in and who executed the foregoing instrument, and duly acknowledge the execution thereof.

(seal)

  
Notary Public

My commission expires: 9-9-17

Tract No. C-20187  
Right of Way

Not to Scale

Contractor will remove trees and shrubs as needed for construction.

Aug. 24, 2015

**City of Wichita  
City Council Meeting  
January 19, 2016**

**TO:** Mayor and City Council

**SUBJECT:** Amended Cost for Improvements to 37<sup>th</sup> Street North, between Maize Road and 119<sup>th</sup> Street West (District V)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** Consent

---

**Recommendations:** Approve the increased expenditure.

**Background:** On July 7, 2015, the City Council approved an agreement with the City of Maize and Sedgwick County to improve the unpaved portion of 37<sup>th</sup> Street North, parts of which are inside the corporate limits of each of the three agencies.

**Analysis:** The agreement provides for construction, financing and maintenance of the paving improvements to 37<sup>th</sup> Street North. Sedgwick County bid the project in July 2015, with all bids exceeding the Engineer's estimate.

**Financial Considerations:** The original estimated cost for the City was \$75,000. Due to the higher than anticipated costs, the final cost for the City's portion is \$120,000, which is an increase of \$45,000. The City of Maize's final cost has also increased, and will be \$120,000. Funding is available in the existing budget, which was approved by the City Council on March 3, 2015, and is funded by the General Fund operating budget for Pavement Maintenance.

**Legal Considerations:** The Law Department has reviewed and approved the agreement as to form on July 7, 2015.

**Recommendation/Actions:** It is recommended that the City Council approve the increased expenditure in compliance with the approved contract.

**Attachment:** Invoice.

City of Wichita  
City Council Meeting  
January 19, 2016

**TO:** Mayor and City Council

**SUBJECT:** McAdams Park Athletic Field Improvements Design-Build Services (District I)

**INITIATED BY:** Department of Park and Recreation

**AGENDA:** Consent

---

**Recommendation:** Approve the design-build project, amend the project budget, amend the bonding resolution, and approve the contract.

**Background:** League 42, a grassroots effort to give any child in Wichita the chance to play baseball, has held league play at McAdams Park in 2014 and 2015. The continued growth and popularity of the program has resulted in the need for an additional baseball field, restrooms, concession stand, and parking improvements.

The 2015-2024 Adopted Capital Improvement Program includes \$1.4 million for improvements to athletics fields at McAdams Park. On October 6, 2015, the City Council approved \$500,000 in 2016 Capital Improvement Program (CIP) funding for improvements at McAdams Park.

**Analysis:** The highest priority for the McAdams Park athletic field improvements is construction of a third baseball field. League 42 has requested that the new field be constructed of artificial turf in order to reduce weather delays, ease scheduling issues, and provide a quality field of play. The new field will establish a new and different standard for youth baseball in Wichita that is more community and family oriented.

To expedite the process of developing the third field, the design-build option is recommended to provide the necessary facilities for the upcoming season. A Request for Proposal (RFP) was prepared for design-build services for the third field for the upcoming 2016 season.

On December 17, 2015, five proposals were received for the design-build of the new field. On December 22, 2015, Staff Screening and Selection Committee (SSSC) selected three firms to be interviewed: Brown Midwest Commercial Construction, Hellas Construction, Inc., and Multicon, Inc. All three firms were interviewed on January 4, 2016, and the SSSC selected Multicon, Inc. to provide design-build services for the third baseball field.

Multicon, Inc. will design and construct the improvements for the third field at a cost of \$613,673. This contract includes field design, construction, and equipment, systems and appurtenances; all sub-grade, pavement, drainage, elevation and utility design drawings for a new artificial turf baseball field.

**Financial Considerations:** The proposed contract cost is greater than the existing project budget of \$500,000 that was initiated on October 6, 2015. Staff proposed initiation of CIP funding allocated for 2017. This will allow for the full funding of this contract, as well as future improvements, such as a restroom/concession facility, a fourth field, and parking as funding allows. This project is to be funded through the issuance of general obligation bonds.

**Legal Considerations:** The Law Department has reviewed and approved the contract and amended bonding resolution as to form.

**Recommendations/Actions:** It is recommended that the City Council: 1) approve the project as a design-build; 2) amend the project budget; 3) amend the bonding resolution; 4) approve the contract; and 5) authorize the necessary signatures.

**Attachments:** Contract between the City and Multicon, Inc. and amended bonding resolution.

# **AGREEMENT FOR DESIGN-BUILD SERVICES**

Design-Build Baseball Field at McAdams Park

**AGREEMENT** made as of the 19<sup>th</sup> day of **January** in the year **2016**

**BETWEEN** the Owner:

**City of Wichita**  
**455 N Main**  
**Wichita, Kansas 67202**

and the Design-Builder:

**Multicon Inc**  
**4421 W Harry**  
**Wichita, Kansas 67209**

for the following Project:

Design-Build Baseball Field at McAdams Park

The Owner and Design-Builder agree as follows:

## **ARTICLE 1     DESIGN-BUILD DOCUMENTS**

§ 1.1 The Design-Build Documents form the Design-Build Contract. The Design-Build Documents consist of this Agreement between Owner and Design-Builder (hereinafter, the "Agreement") and its attached Exhibits. The Design-Build Documents shall not be construed to create a contractual relationship of any kind: (1) between the engineer and Owner; (2) between the Owner and a Contractor or Subcontractor; or (3) between any persons or entities other than the Owner and Design-Builder, including but not limited to any consultant retained by the Design-Builder to prepare or review and/or certify the plans and Specifications. An enumeration of the Design-Build Documents appears in Article 8.

§ 1.2 This Agreement represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral.

§ 1.3 This Agreement may be amended or modified only by a Modification. A Modification is: (1) a written amendment to the Design-Build Contract signed by both parties; (2) a Change Order signed by both parties; or (3) a written order for a minor change in the Specifications issued by the Owner that has no effect on total cost or project duration.

## **ARTICLE 2     WORK OF THE DESIGN-BUILD CONTRACT**

§ 2.1 The Design-Builder shall fully perform the work in accordance with the Specifications attached to this Agreement unless otherwise modified. The work shall generally include:

§ 2.1.1 All building structure design and construction, and equipment, systems and appurtenances attached thereto;

§ 2.1.2 All sub-grade, pavement, drainage, elevation and utility design drawings, including stormwater detention and installation of clarifier, if required, which shall be reviewed and stamped by a civil engineer (PE) licensed in the state of Kansas.

§ 2.2.1 Design-Builder further agrees to maintain the work for a period of one (1) year from date of the completion and acceptance of same by the City of Wichita, this maintenance to be done and performed by said Design-Builder without any expense to the Owner whatever.

§ 2.2.2 Design-Builder shall furnish the Owner a good and sufficient bond guaranteeing the completion of the work and every part thereof according to the specifications and the bid of said Design-Builder and the terms of this Agreement; conditioned further, for the maintenance of said improvements as hereinbefore provided; and conditioned further, upon the holding of the City of Wichita harmless in all claims and suits for damages as specified in this Agreement.

§ 2.2.3 Design-Builder shall furnish a bond to the State of Kansas in the total amount of this Agreement, conditioned upon the payment of all material and labor bills incurred in the making of said improvement.

### **ARTICLE 3      COMMENCEMENT, SUBSTANTIAL AND FINAL COMPLETION**

§ 3.1 The date of commencement shall be the date of this Agreement unless provision is made for the commencement date to be fixed in a notice-to-proceed issued by the Owner.

§ 3.2 The Work Time shall be measured from either the date of commencement, or notice-to-proceed if later than the Agreement date, subject to adjustments of this Work Time. If the Design-Builder fails to achieve completion of the work by the date(s) determined in this part, it is understood and the Design-Builder hereby agrees that deductions may be made from the moneys due the Design-Builder, to a maximum of the contract price, for each calendar day any work remains incomplete, not as a penalty or as retainage but as liquidated damages. Design-Builder will not be liable if performance failure arises out of causes beyond its control and without fault or negligence of the DESIGN-BUILDER (e.g., acts of God, war, fires, floods, freight embargoes), but ordinary weather delays shall not be used to extend the deadline set in this part. If the damages so calculated exceed the amount yet to be paid the Design-Builder, the Design-Builder shall remain liable for the difference, and shall timely pay that obligation.

§ 3.3 The Design-Builder agrees that the completion date is May 15, 2016.

§ 3.4 The Design-Builder agrees to achieve Final Completion on or before the expiration of **thirty (30) CALENDAR DAYS** after the date of Substantial Completion.

§ 3.5 The Owner reserves the right to issue a notice-to-proceed for ordering of materials, and a second notice-to-proceed for the start of construction. In such case, the date of commencement shall be the notice-to-proceed for the start of construction.

### § 3.6 CONTRACTOR RESPONSIBILITIES

1. Contractor is responsible for preventing damage to existing site amenities including existing grades and field conditions. Contractor shall contact all utilities and the City department of PWU for flagging of underground utilities in the construction zone 48-hours prior to start of any work. Contractor is responsible for all utilities. Any damage, including unacceptable turf damage, is to be repaired by contractor.
2. Tree protection shall be used around all trees upon and immediately adjacent to the worksite for trees not being removed for this project. Such protection shall insure that equipment and vehicles at the construction site cannot be parked or placed in a manner that will result in compaction of the soil within the dripline of the tree. Tree protection may be removed or adjusted as necessary for completion of the project.
3. Damage that results in destruction or death of a tree will be assessed by the Park Inspector and/or City of Wichita Arborist and will be based upon replacement value according to the size and species of tree. The cost will be deducted from the Contractor's invoice payments, not to exceed the full value of the work order.
4. Tree damage that does not result in the death of the tree creates a known but incalculable injury. The parties agree that such a loss shall be resolved by means of liquidated damages, and not as a penalty or other punitive measure, at the rate of \$100 per square inch of damage to any tree trunk. Surface damage to trunk, branches or roots that have injured or penetrated the cambium layer will have a One Hundred Dollar (\$100) minimum assessment, irrespective of the size of the injury site.
5. Any cost assessed under this Article will be deducted from the Contractor's next successive invoice payments until satisfied.
6. Contractor must guarantee all materials and labor for a minimum of one full year after completion of project.
7. Contractor will provide to the City and Manufacturer's warranty information that is applicable to this project.

## ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Design-Builder the Contract Sum in current funds for the Design-Builder's performance of the Design-Build Agreement. The Contract Sum shall be a Stipulated Sum in accordance with Section 4.2 below.

### § 4.2 Stipulated Sum

§ 4.2.1 Unit prices are as follows:

- **Base Bid Lump Sum Cost as outlined in "Approach to the Project"**
  - \$613,673.00
- **Requested Unit Prices**
  - Flatwork and Sidewalks: \$4.75 per square foot
  - 48" Chain Link Fence: \$23.00 per lineal foot
  - Concrete Border / Mow Strip: \$18.50 per lineal foot
  - Synthetic Turf System: \$9.00 per square foot
  - Excavation (Unsuitable haul-off & import); \$25.00 per cubic yard

- 9" of 12% Fly-Ash Stabilization; \$8.00 per square yard
- Site Restoration – Grading & Seeding; \$6.00 per square yard
- **Voluntary Alternate Price 1; Masonry Dugouts (2)**
  - Provide 8" Masonry Splitface Block dugouts in lieu of the wood framed and metal covered dugouts detailed on the Request for Proposal. Roof structure shall remain as wood framing with metal panels as shown on the Request for Proposal.
- **Voluntary Alternate Price 2; Soils Testing**
  - The Base Bid Cost represents standard proof-rolling and visual inspection of the dirt subgrade prior to earthwork and turf-system rock installation. If Geotechnical investigation is required of the existing subgrade, then;
  - Add A "NOT TO EXCEED" PRICE of \$4,500.00 to the Base Bid Lump Sum Cost
- **Voluntary Alternate Price 3; Alternate Backstop System**
  - A black coated post and cable system complete with netting shall be installed in lieu of the post and rail system shown on the RFP drawings. This system would be similar to backstops installed at Wichita Collegiate, Andale High School, Newman University and Word of Life Baseball Fields.
  - DEDUCT \$3,800.00 from the Base Bid Lump Sum Cost

§ 4.3.1 The Design-Builder hereby agrees that applicable additions and/or deductions, if requested by the Owner, to the work shall be based upon unit prices, as applicable, identified in Section § 4.2.1 above.

#### § 4.4 Changes in Work

§ 4.4.1 Adjustments of the Contract Sum on account of changes in work may be determined only by a Modification, including: (1) a written amendment to the Design-Build Contract signed by both parties; or (2) a Change Order signed by both parties.

### ARTICLE 5 PAYMENTS

#### § 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Owner by the Design-Builder, the Owner shall make progress payments on account of the Contract Sum to the Design-Builder as provided below and elsewhere in the Agreement.

§ 5.1.2 The period covered by each Application for Payment shall be one (1) calendar month ending on the last day of the month.

§ 5.1.3 The Owner shall make payment to the Design-Builder of all undisputed amounts not later than thirty (30) calendar days from the date an Application for Payment is received.

**§ 5.1.4** The Design-Builder shall submit each application for payment in the format and detail and with the supporting documents required by Owner, along with other required reporting data.

**§ 5.1.5** With each Application for Payment where the Contract Sum is based upon a Stipulated Sum, the Design-Builder shall submit the most recent schedule of values in accordance with the Design-Build Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the work. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Owner may require. This schedule of values, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment.

**§ 5.1.6** In taking action on the Design-Builder's Applications for Payment, the Owner shall be entitled to rely on the accuracy and completeness of the information furnished by the Design-Builder and shall not be deemed to have made either a) a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Sections 5.1.4 or 5.1.5, or other supporting data; b) exhaustive or continuous on-site inspections; or c) examinations to ascertain how or for what purposes the Design-Builder has used amounts previously paid on account of the Agreement. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner's accountants acting in the sole interest of the Owner.

**§ 5.1.7** Except with the Owner's prior approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site. (If approved in advance by the Owner, suitably stored at a location agreed upon in writing.)

## **§ 5.2 Progress Payments**

**§ 5.2.1** Applications for Payment shall indicate the percentage of completion of each portion of the work as of the end of the period covered by the Application for Payment. Payment shall be 95% of the sums indicated in the application, to allow a 5% retainage.

**§ 5.2.2** Subject to the terms and conditions of ARTICLE 5, final (100%) of the amount of the purchase order for the total project cost shall be made upon successful completion of the project. Successful Final Completion requires satisfaction of all contractual and regulatory reporting requirements. Partial or progress payments shall be made no more frequently than monthly as set forth in Section § 5.1.

**§ 5.2.3** The purchase of all materials associated with this project are sales tax exempt under the laws of the State of Kansas, and the Owner shall not pay to the Design-Builder any sales tax for materials, materials or services purchase. A Sales Tax Exemption Certificate shall be provided to the Design-Builder by the Owner.

## **§ 5.3 Final Payment**

**§ 5.3.1** Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Design-Builder no later than 30 calendar days after the Design-Builder has fully performed the Design-Build Contract, including satisfaction of all reporting requirements, except for the Design-Builder's responsibility to correct non-conforming work discovered after final payment or to satisfy other requirements, if any, which extend beyond final payment.

## **ARTICLE 6     DISPUTE RESOLUTION**

**§ 6.1** The Design-Builder agrees, notwithstanding anything to the contrary contained in the bid documents or the Agreement to be awarded herein, that the Owner shall not be subject to arbitration and any clause relating to arbitration contained in the documents or in the Agreement to be awarded herein between the two parties shall be null and void.

## **ARTICLE 7     MISCELLANEOUS PROVISIONS**

**§ 7.1** Design professionals and consultants engaged by the Design-Builder shall be persons or entities experienced, qualified and duly licensed to practice their professions in the state of Kansas.

**§ 7.2** The Design-Builder's Designated Representative shall be authorized to act on the Design-Builder's behalf with respect to the Project.

**§ 7.3** Design-Builder's Designated Representative shall not be changed without ten (10) days written notice to the other party. Design-Builder will change its designated representative upon 10 days request made by Owner.

**§ 7.4** The Design-Builder understands and agrees that all representations, certifications and assurances made by the Design-Builder within the initial proposal and addenda, if any, shall apply under this Agreement as if fully rewritten herein.

**§ 7.5** The Design-Builder, in performing the work required under this Agreement, agrees to comply with the provisions of the Non-Discrimination Equal Employment Opportunity/Affirmative Action Program requirements of the City of Wichita attached hereto as Exhibit A and incorporated herein by reference.

**§ 7.6** For good cause, and as consideration for executing this Agreement, the Design-Builder, acting herein by and through its authorized agent, hereby conveys, sells, assigns, and transfers to the Owner all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the anti-trust laws of the United States and the State of Kansas, relating to the particular product, products, or services purchased or acquired by the owner pursuant to this Agreement.

**§ 7.7** Design-Builder understands that it shall be solely responsible for the design of the Project and the means, methods, techniques, sequences and procedures of construction in connection with completion of the work. Design-Builder warrants the design and construction to be free from negligent errors and omissions, both for itself and all its subcontractors.

**§ 7.8** The rights of each party under this Agreement shall not be assigned or transferred to any other person, entity, firm or corporation without prior written consent of both parties.

**§ 7.9** The Design-Builder understands all Agreement documents are the property of the Owner and shall not be used by the Design-Builder for any purpose other than the work to be performed under this Agreement.

## **§ 7.10 Warranty**

**§ 7.10.1**      Design-Builder Warranty: Warranty entire project for a period of one (1) year. Warranty begins at final acceptance by Owner. The Warranty shall be in a form proposed by Design-Builder, subject to the reasonable approval of Owner.

ATG Sports Industries, Inc. warrants to the Owner the synthetic turf system installed for a period of eight (8) years. All terms of this warranty are subject to the limitations and conditions set forth below. The term warranty means the artificial turf product shall remain intact for its intended use not less than the agreed warranty period.

**§ 7.10.2**      Project Warranty: Provide signed and approved written project warranty form to Owner prior to project start date, which shall be incorporated as part of the Design-Build Documents. Provide two (2) copies of signed, written project warranty on the approved form to Owner within 30 days of final acceptance.

**§ 7.10.3**      Provide Owner with two (2) copies of all written standard or extended warranties as provided by manufacturers for equipment and building materials, conveyed or transferred in the name of Owner.

## **§ 7.11 Insurance**

Design-Builder shall procure, maintain and carry, at its sole cost, in accordance with and/or until completion of this Agreement all insurance, as required per the amounts as set forth below or higher amounts if required by the Owner in the Agreement. Insurance shall be furnished by a company meeting the reasonable approval of Owner.

Insurance certificates shall be issued on a standard ACORD form and include the NAIC number of the insuring company. Each insurance company's rating, as shown in the latest Best's Key Rating Guide, shall be no less than A-VII, unless approved by the Owner, or from a Workers' Compensation pool approved by the State of Kansas. Insurance certificates must be received by the Owner prior to the commencement of work.

All insurance certificates will state that all coverages are in effect and shall not be cancelled or non-renewed without providing Owner, as Additional Insured, the same notice provided under the policy terms to Design-Builder. The Owner reserves the right to request and receive for review certified copies of any and all insurance policies to which this Agreement is applicable prior to commencement of work. The failure of Owner to reject the Design-Builder's certificate of insurance shall not be deemed to constitute an acceptance by the Owner of a deficient certificate of insurance. If the Design-Builder fails to procure or maintain any of the specified coverages the Owner has the right, but not the obligation, to secure the coverage and charge the cost to the Design-Builder along with a 12% administrative fee.

The Design-Builder shall be responsible for determining the types and limits of insurance coverage required by their subcontractors. At a minimum, subcontractors shall carry Workers' Compensation, commercial general liability or professional liability insurance, as appropriate (minimum of \$1,000,000 per occurrence) and commercial automobile liability (minimum of \$1,000,000 combined single limit). Design-Builder shall require in their subcontracts that the City

of Wichita and others as may be required by Agreement shall be added as primary and non-contributory additional insureds (including completed operations) on the subcontractors commercial general liability policy, commercial automobile liability policy and excess liability policy.

The requirements, procurement and carrying of the required insurance shall not limit any of the Design-Builder's obligations or liability under this Agreement or as a matter of law.

Insurance shall include the following terms and conditions:

**Workers' Compensation**

Design-Builder shall maintain Workers' Compensation insurance to cover the statutory requirements of the Workers' Compensation laws of the State of Kansas and when applicable to Federal Laws and Voluntary Compensation and Employer's Liability (including occupational disease) coverage.

Employers Liability Limits	\$100,000/\$500,000/\$100,000
Workers' Compensation	Statutory amounts

**Commercial Automobile Liability**

Design-Builder shall maintain commercial automobile insurance, including contractual liability coverage. Coverage shall include all owned, non-owned and hired automobiles used in connection with the services or other work hereunder and shall have minimum bodily injury and property damage limits as outlined herein. An MCS-90 endorsement shall be procured, when applicable.

Combined Single Limit	\$500,000 Each Accident
-----------------------	-------------------------

**Commercial General Liability**

Design-Builder shall maintain Commercial General Liability Insurance on an occurrence form. Coverage shall include on-going operations, product/completed operations (minimum of two years following the project completion) and Personal and Advertising Injury. Minimum limits, as outlined herein, shall be:

General Aggregate (per project)	\$500,000
Products/Completed Operations	\$500,000
Personal and Advertising Injury	\$500,000
Each Occurrence	\$500,000

Design-Builder must use ISO Form CG 00 01 or its equivalent with no amendments to the definition of an insured contract. The General Aggregate shall apply on a per project basis. Policy shall include a separation of insureds clause. The City of Wichita shall be added as a non-contributory additional insured (including completed operations).

**Umbrella/Excess Liability Coverage**

The Design-Builder shall provide minimum Umbrella/Excess liability limits (excess of Commercial General Liability and Commercial Automobile Liability) of:

Each Occurrence Limit	\$500,000
Annual Aggregate Limit	\$500,000

### **Professional Liability Coverage**

The Design-Builder shall provide minimum professional liability limits of:

Each Occurrence Limit	\$500,000
Annual Aggregate Limit	\$500,000

Such coverage shall protect the Design-Builder from damages resulting from the negligent acts of the Design-Builder, its agents, officers, employees and subcontractors in the performance of the professional services rendered under this agreement. Such policy of insurance shall be subject to a deductible of no more than \$10,000.00, or such greater amount as may be approved by Owner in its discretion after review of Design-Builder's financial documentation.

**§ 7.12** The Design-Builder shall comply with all federal, state and local laws, statutes, regulations and ordinances which may pertain to the providing of services under this Agreement.

**§ 7.13** General Provisions.

Non-Waiver of Rights. No waiver or default by either party of any of the terms, covenants and conditions hereof to be performed, kept and observed by the other party shall be construed as, or shall operate as, a waiver of any subsequent default of any of the terms, covenants or conditions herein contained, to be performed, kept and observed by the other party.

Notices. Notices required herein may be given by registered certified, or express mail, and shall be deemed served on the date such notice is deposited in the United States Mail, or by prepaid private courier in the continental United States. Either party shall have the right, by giving written notice to the other, to change the address at which its notices are to be received. Until any such change is made, notices to Owner shall be delivered as follows:

**Larry D. Hoetmer, RLA, ASLA  
Department of Park and Recreation  
City of Wichita  
11<sup>th</sup> Floor  
455 N Main  
Wichita, Kansas 67202**

Until any such change is made, notices to Design-Builder shall be delivered as follows:

**Multicon Inc.  
4421 W Harry  
Wichita, KS 67209**

Captions. The captions/headings of the several sections of this Agreement are inserted only as a matter of convenience and for reference, and in no way define, limit or describe the scope or intent of any provisions of this Agreement, and shall not be construed to affect in any manner the terms and provisions hereof or the interpretation or construction thereof.

Severability. If one or more clauses, sections or provisions of this Agreement shall be held to be unlawful, invalid or unenforceable, the parties hereto agree that the material rights of either party shall not be affected thereby.

Waiver of Claims. Design-Builder hereby waives any claim against Owner and its officers or employees for loss of anticipated profits caused by any suit or proceedings directly or indirectly attacking the validity of Agreement or any part thereof, or by any judgment or award in any suit proceeding declaring this Agreement null, void or voidable, or delaying the same of any part thereof, from being carried out. The parties waive all claims against each other for incidental and consequential damages to include lost profits or revenues, equipment rental, office overhead, etc.

Incorporation of Exhibits. All exhibits referred to in this Agreement are intended to be and are hereby specifically made a part of this Agreement.

Incorporation of Required Provisions. The parties incorporate herein by this reference all provisions lawfully required to be contained herein by any governmental body or agency.

Non-Liability of Agents and Employees. No member, officer, agent or employees of Owner shall be charged personally or held contractually liable by or to the other party under the terms or provisions of this Agreement or because of any breach thereof or because of its or their execution or attempted execution.

Successors and Assigns Bound. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto where permitted by this Agreement.

Time of Essence. Time is of the essence in this Agreement.

Gender. Words of any gender used in this Agreement shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

Relationship of the Parties. It is understood that Design-Builder is not in any way or for any purpose a partner or joint venturor with or an agent of Owner. Design-Builder shall act as an independent contractor in the performance of its duties pursuant to this Agreement.

Interpretation. Owner and Design-Builder hereby agree that this Agreement shall not be construed or interpreted in favor of either party on the basis of preparation.

Kansas Laws to Govern. This Agreement and the terms and conditions herein contained shall at all times be governed, interpreted and construed under and in accordance with the laws of the State of Kansas.

Exhibit A

**REVISED NON-DISCRIMINATION AND  
EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION PROGRAM  
REQUIREMENTS STATEMENT FOR CONTRACTS OR AGREEMENTS**

During the term of this contract, the contractor or subcontractor, vendor or supplier of the City, by whatever term identified herein, shall comply with the following Non-Discrimination--Equal Employment Opportunity/Affirmative Action Program Requirements:

- A. During the performance of this contract, the contractor, subcontractor, vendor or supplier of the City, or any of its agencies, shall comply with all the provisions of the Civil Rights Act of 1964, as amended: The Equal Employment Opportunity Act of 1972; Presidential Executive Orders 11246, 11375, 11141; Part 60 of Title 41 of the Code of Federal Regulations; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990 and laws, regulations or amendments as may be promulgated thereunder.
- B. Requirements of the State of Kansas:
  - 1. The contractor shall observe the provisions of the Kansas Act against Discrimination (Kansas Statutes Annotated 44-1001, et seq.) and shall not discriminate against any person in the performance of work under the present contract because of race, religion, color, sex, disability, and age except where age is a bona fide occupational qualification, national origin or ancestry;
  - 2. In all solicitations or advertisements for employees, the contractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase to be approved by the "Kansas Human Rights Commission";
  - 3. If the contractor fails to comply with the manner in which the contractor reports to the "Kansas Human Rights Commission" in accordance with the provisions of K.S.A. 1976 Supp. 44-1031, as amended, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole or in part by the contracting agency;
  - 4. If the contractor is found guilty of a violation of the Kansas Act against Discrimination under a decision or order of the "Kansas Human Rights Commission" which has become final, the contractor shall be deemed to have breached the present contract, and it may be canceled, terminated or suspended in whole or in part by the contracting agency;

5. The contractor shall include the provisions of Paragraphs 1 through 4 inclusive, of this Subsection B, in every subcontract or purchase so that such provisions will be binding upon such subcontractor or vendor.
- C. Requirements of the City of Wichita, Kansas, relating to Non-Discrimination -- Equal Employment Opportunity/Affirmative Action Program Requirements:
1. The vendor, supplier, contractor or subcontractor shall practice Non-Discrimination -- Equal Employment Opportunity in all employment relations, including but not limited to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The vendor, supplier, contractor or subcontractor shall submit an Equal Employment Opportunity or Affirmative Action Program, when required, to the Department of Finance of the City of Wichita, Kansas, in accordance with the guidelines established for review and evaluation;
  2. The vendor, supplier, contractor or subcontractor will, in all solicitations or advertisements for employees placed by or on behalf of the vendor, supplier, contractor or subcontractor, state that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, "disability, and age except where age is a bona fide occupational qualification", national origin or ancestry. In all solicitations or advertisements for employees the vendor, supplier, contractor or subcontractor shall include the phrase, "Equal Opportunity Employer", or a similar phrase;
  3. The vendor, supplier, contractor or subcontractor will furnish all information and reports required by the Department of Finance of said City for the purpose of investigation to ascertain compliance with Non-Discrimination -- Equal Employment Opportunity Requirements. If the vendor, supplier, contractor, or subcontractor fails to comply with the manner in which he/she or it reports to the City in accordance with the provisions hereof, the vendor, supplier, contractor or subcontractor shall be deemed to have breached the present contract, purchase order or agreement and it may be canceled, terminated or suspended in whole or in part by the City or its agency; and further Civil Rights complaints, or investigations may be referred to the State;
  4. The vendor, supplier, contractor or subcontractor shall include the provisions of Subsections 1 through 3 inclusive, of this present section in every subcontract, subpurchase order or subagreement so that such provisions will be binding upon each subcontractor, subvendor or subsupplier.
  5. If the contractor fails to comply with the manner in which the contractor reports to the Department of Finance as stated above, the contractor shall be deemed to have breached this contract and it may be canceled, terminated or suspended in whole

or in part by the contracting agency;

D. Exempted from these requirements are:

1. Those contractors, subcontractors, vendors or suppliers who have less than four (4) employees, whose contracts, purchase orders or agreements cumulatively total less than five thousand dollars (\$5,000) during the fiscal year of said City are exempt from any further Equal Employment Opportunity or Affirmative Action Program submittal.
2. Those vendors, suppliers, contractors or subcontractors who have already complied with the provisions set forth in this section by reason of holding a contract with the Federal government or contract involving Federal funds; provided that such contractor, subcontractor, vendor or supplier provides written notification of a compliance review and determination of an acceptable compliance posture within a preceding forty-five (45) day period from the Federal agency involved.

# BOND TO THE CITY OF WICHITA

Bond # \_\_\_\_\_

KNOW ALL MEN BY THESE PRESENTS: That we \_\_\_\_\_  
of the State of \_\_\_\_\_ in the City of \_\_\_\_\_ and having authority to do business  
in the State of Kansas, as principal, and \_\_\_\_\_  
a surety corporation of \_\_\_\_\_  
and authorized to do business in the State of Kansas, as surety hereon, are held and firmly bound  
unto the City of Wichita in the just and lawful sum of \_\_\_\_\_  
Dollars, good and lawful money of the United States of America, to the payment of which the  
said principal hereby binds itself, its heirs, administrators, executors, successors, trustees, and  
assigns, and the said surety hereby binds itself, its successors, trustees, and assigns, all jointly  
and severally, firmly by these presents.

Signed, sealed, and dated at \_\_\_\_\_, this \_\_\_\_\_ day of \_\_\_\_\_  
\_\_\_\_\_ A.D.

THE CONDITION OF THE ABOVE OBLIGATION is such that whereas the said  
principal, \_\_\_\_\_  
of \_\_\_\_\_ has this \_\_\_\_\_ day of \_\_\_\_\_  
\_\_\_\_\_ A.D. entered into a contract with the City of Wichita to furnish all of the materials  
and labor necessary to construct and complete a certain public improvement in the City of  
Wichita, as follows: \_\_\_\_\_

\_\_\_\_\_ according to the plans  
and specifications therefore, heretofor approved by the City Council of the City of Wichita, and  
on file in the Purchasing Office of the City of Wichita, and within the time and in compliance  
with every provision of said contract, and to maintain the same for a period of \_\_\_\_\_ years  
from date of completion, all in accordance with and as provided in said contract.

NOW THEREFORE if said principal shall well and faithfully and fully comply with all the requirements in the contract for said improvement, and shall complete same according to the terms thereof, and shall maintain said improvement in the manner and form set forth and required by said contract for the period of \_\_\_\_\_ years from date of completion, and shall save and hold the City of Wichita harmless for all claims and suits brought against it, or the City of Wichita for damages to property or injury to persons occasioned by or growing out of the construction of said improvement, or the failure or neglect of said principal to carry out said contract, or to complete and maintain said improvement and the works thereon as provided by the terms and provisions of said contract, then in that case, the obligation to be void; otherwise to be and remain in full force and effect.

The said surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or the specifications accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract or to the work or to the specifications.

IN WITNESS WHEREOF, The said principal has executed and surety has caused these presents to be signed by its duly authorized Attorney-In-Fact the day and year herein written.

# BOND TO THE STATE OF KANSAS

## STATUTORY PAYMENT BOND

(G.S. Kan. 60-1111, as amended)

Bond # \_\_\_\_\_

KNOW ALL MEN BY THESE PRESENTS, That we \_\_\_\_\_

\_\_\_\_\_

as Principal, and \_\_\_\_\_

\_\_\_\_\_

as Surety, are jointly and severally bound unto the State of Kansas in the sum of \_\_\_\_\_

\_\_\_\_\_

Dollars (\$ \_\_\_\_\_), for the use and benefit of persons entitled thereto for which  
Payment shall well and truly be made, we hereby bind ourselves, our successors, heirs and  
executors and administrators, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT

WHEREAS, the said \_\_\_\_\_  
has entered into a written contract with the City of Wichita, Kansas, for certain work in  
connection with the \_\_\_\_\_

District Court Bond # \_\_\_\_\_

Wichita, Kansas, under date of \_\_\_\_\_

NOW, THEREFORE, if the said Principal or the subcontractor or subcontractors of said Principal shall pay all indebtedness incurred for labor furnished, materials, equipment, or supplies used or consumed in connection with or in or about the construction of or in making such public improvement, this obligation shall be void; otherwise, it shall remain in full force and effect.

The said surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to the work to be performed thereunder or the specifications accompanying the same shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract or to the work or to the specifications.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed and delivered this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

**RESOLUTION NO. 16-020**

**A RESOLUTION AMENDING AND SUPPLEMENTING RESOLUTION NO. 15-319 OF THE CITY OF WICHITA, KANSAS WHICH AUTHORIZED THE ISSUANCE OF GENERAL OBLIGATION BONDS TO PAY THE COSTS OF PUBLIC PARK IMPROVEMENTS.**

---

**WHEREAS**, the City of Wichita, Kansas (the “City”) is a municipal corporation, duly created, organized and existing under the Constitution and laws of the State; and

**WHEREAS**, the City Council (the “Governing Body”) of the City has heretofore, pursuant to K.S.A. 13-1346, created the Wichita Board of Park Commissioners (the “Board”); and

**WHEREAS**, the Governing Body is authorized, pursuant to K.S.A. 13-1024c, as amended by Charter Ordinance No. 156 of the City (the “Act”) to issue general obligation bonds of the City without an election for the purpose of paying for the construction, purchase or improvement of any public improvement, including the land necessary therefore, and for the purpose of rebuilding, adding to or extending the same as the necessities of the City may require and for the purpose of paying for certain personal property therefore; and

**WHEREAS**, the Governing Body has heretofore by Resolution No. 15-319 of the City (the “Prior Resolution”), authorized the following described public improvements:

Labor, material, equipment and expenditures necessary for the design and construction of a baseball field at McAdams Park (the “Project”) and a restroom/concession facility, a fourth field, lighting and parking as funding allows for the use of the Board and/or City and to provide for the payment of all or a portion of the costs thereof by the issuance of general obligation bonds of the City pursuant to the Act.

for use by the Board (the “Project”) and to provide for the payment of all or a portion of the costs thereof by the issuance of general obligation bonds of the City pursuant to the Act.

**BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA, KANSAS, AS FOLLOWS:**

**Section 1. Amendment.** *Sections 1 and 2* of the Prior Resolution are hereby amended to read as follows:

**Section 1. Project Authorization.** It is hereby authorized, ordered and directed that the Project be acquired and/or constructed at an estimated cost of \$1,000,000 in accordance with specifications prepared or approved by the Board.

**Section 2. Project Financing.** All or a portion of the costs of the Project, interest on financing and administrative and financing costs shall be financed with the proceeds of general obligation bonds of the City (the “Bonds”). The Bonds may be issued to reimburse expenditures authorized by Resolution No. 15-319 made on or after the date which was 60

days before the date of adoption of Resolution No. 15-319 and to reimburse additional expenditures authorized by this Resolution, which were made on or after the date which was 60 days before the date of adoption of this Resolution, all pursuant to Treasury Regulation §1.150-2.

**Section 2. Repealer; Ratification.** *Sections 1 and 2* of the Prior Resolution are hereby repealed; and the rest and remainder thereof is hereby ratified and confirmed. Resolution No. 15-319 of the City of Wichita is hereby repealed.

**Section 3. Effective Date.** This Resolution shall be in full force and effect from and after its adoption by the Governing Body.

**ADOPTED** by the City Council of the City of Wichita, Kansas, on January 19, 2016.
